

## Applications helpdesk - Feed additives application procedure

The application procedure for authorisations is described in Regulation EC 1831/2003. Applicants must send: (1) an application to the European Commission, (2) a technical dossier directly to EFSA, (3) three reference samples of the feed additive to the European Union Reference Laboratory. The European Commission website provides an overview of the authorisation process for feed additives. EFSA carries out the risk assessment whilst the European Commission decides whether or not to authorise the feed additive.

\* EFSA aims at providing its 1st feedback on Completeness check within 30 working days after reception of the application (Mandate + Dossier)
