

ECDC-EFSA 2nd Joint Networks Meeting - rev3

ECDC 5th FWD Network Meeting EFSA 28th Task Force on Zoonoses Data Collection

Uppsala, Sweden, 18 -19 April 2013

**Thursday, 18th April 2013
Joint day for ECDC-EFSA networks**

08.30-09.00	Registration
9:00-09:10	Opening – <i>Johan Giesecke, Chief Scientist, ECDC</i>
	Welcome - <i>Johanna Takkinnen, ECDC and Pia Mäkelä, EFSA</i>
Session 1: Strengthening foodborne outbreak investigation and reporting Chair: <i>Marc Struelens, ECDC</i>	
09.10-09.30	European Commission's views on prevention and investigation of foodborne outbreaks in EU – <i>Kris De Smet, DG SANCO</i>
09.30-09.50	EU-wide food-borne outbreaks investigations – proposed for standard operating procedures for joint assessment of the outbreaks / <i>Denis Coulombier, ECDC</i> - Example of <i>Salmonella Stanley</i>
09.50-10.10	Discussion
10.10-10.30	Molecular surveillance pilot project / <i>Ivo van Walle, ECDC</i>
10.30-10.50	Establishing the molecular typing data collection for food and animal isolates and the collaboration between EFSA and ECDC / <i>Pierre-Alexandre Beloeil, EFSA</i>
10.50-11.00	Discussion
11:00-11:30 Coffee	
11.30-11.50	Follow up of STEC outbreak; BIOHAZ panel scientific opinion on the risk posed by pathogens in food of non-animal origin: outbreak data analysis and risk ranking of food/pathogen combinations - <i>Teresa Da Silva Felicio, EFSA</i>
Session 2: Harmonisation of AMR monitoring and analyses Chair: <i>Pia Mäkelä, EFSA</i>	
11:50-12:10	EFSA technical specifications for monitoring of AMR in food and animals, <i>Patrizia Oelker, EFSA</i>
12:10-12:30	ECDC draft protocol for AMR monitoring in human isolates of <i>Salmonella</i> and <i>Campylobacter</i> / <i>Therese Westrell, ECDC</i>
12.30-12.50	Joint ECDC-EFSA-EMA report on consumption of antimicrobials and antimicrobial resistance in humans and animals / <i>Jordi Torren, EMA</i>
12.50-13.00	Discussion

13:00-14:00	Lunch
Session 3: Open space discussions on morning topics Chair: Johanna Takkinen, ECDC	
14:00-14:40	<p>Introduction to open space discussion topics</p> <ul style="list-style-type: none"> - 5 min introduction of each stand by respective chairs
14:40-16:10	<p>First discussion round by groups at selected stands, 30 min</p> <p>Second discussion round by groups at selected stands, 30 min</p> <p>Third discussion round; free mingle around all stands, 30 min</p>
Coffee will be served during the session around at 15:30	<p>Stand 1: Antimicrobial resistance testing and interpretation ECDC: Marc Struelens, EFSA: Patrizia Oelker</p> <ul style="list-style-type: none"> - Use of epidemiological cut off values and clinical break points in AMR surveillance - MIC plate for joint panel of antimicrobials <p>Stand 2: Antimicrobial resistance monitoring ECDC: Therese Westrell, EFSA: Pierre-Alexandre Beloeil</p> <ul style="list-style-type: none"> - Monitoring of multiresistance - Analysing correlation between antimicrobial consumption and resistance <p>Stand 3: Molecular typing data collection and analysis ECDC: Ivo van Walle, EFSA: Pia Mäkelä</p> <ul style="list-style-type: none"> - Molecular typing data collection and analysis at EU level <p>Stand 4: European <i>Listeria</i> Typing Study, ELiTE ECDC: Jaime Martinez Urtaza, Joana Gomes EFSA: Kenneth Mulligan</p> <ul style="list-style-type: none"> - ELiTE analysis plan and study protocol <p>Stand 5: Assessing risks related to EU-wide foodborne outbreaks ECDC: Celine Gossner, Ettore Severi EFSA: Frank Boelaert, Teresa Da Silva Felicio</p> <ul style="list-style-type: none"> - SOPs for joint actions in EU-wide foodborne outbreak events <p>Stand 6: Improving European Union Summary reports on zoonoses ECDC: Taina Niskanen, Robert Whittaker EFSA: Valentina Rizzi</p> <ul style="list-style-type: none"> - Suggestions how to integrate reporting of EU-wide foodborne outbreaks into EUSR - Future of publication of EUSRs; on line outputs versus traditional reports <p>Stand 7: Collaboration with WHO ECDC: Carmen Varela Santos, WHO: Hilde Kruse</p>
16:10-17:20	<p>Summary on feedback on open space topics and panel discussion by stands</p> <ul style="list-style-type: none"> - 5 + 5 minutes for discussion per stand
17:20-17:30	Wrap up and conclusions of the joint day – <i>Pia Mäkelä</i> and <i>Johanna Takkinen</i>
19:00 -	Dinner

PM 15/04/2013 –rev3

**EFSA Task Force on Zoonoses Data Collection, 28th meeting
on 18-19 April 2013**

Time: Thursday 18 April 2013, 09:00 - 17:00 – Joint ECDC-EFSA meeting
Friday 19 April 2013, 09:00 - 16:00 – Task Force meeting

Venue: Uppsala Koncert & Kongress
Vaksala torg 1 , 753 75 Uppsala, Sweden

Draft agenda on 19 April 2013, Task Force meeting

1. Opening
2. Declaration of interests
3. Minutes from the last meeting
4. ECDC-EFSA-DG SANCO Standard Operating Procedure for foodborne outbreak investigations, use and publication of Member States' specific data
5. Publication of national zoonoses reports 2011 PDFs
6. Plans for EU Summary Reports on zoonoses, food-borne outbreaks and on antimicrobial resistance in 2012
7. Reporting manuals and guidelines for 2012 data reporting
8. DCF data models and data dictionaries for 2012 data reporting; XML/ Excel use and historical data updates Grants and Procurement projects
9. Standard Sample Description working group – update on status of play – proposed pick lists for analytical methods
10. Update on *Listeria* baseline survey analyses and the European *Listeria* Typing Exercise (EliTE study)
11. Update on the harmonised epidemiological indicators for meat inspection of cattle, small ruminants, solipeds and farmed game
12. EFSA data warehouse access policy

13. New EFSA Working Groups

- foodborne outbreak reporting specifications
- molecular typing data collection

14. Any other businesses

- Updating the Task Force member and alternate member lists
