

Unit on Biological hazards and contaminants

Parma, 14 February 2014
EFSA/CONTAM/2117

Scientific Panel on Contaminants in the Food Chain

Draft Agenda of the 63rd plenary meeting

25 2 2014, 13:30-18:00

26 2 2014, 9:00-18:00

27 2 2014, 9:00-13:00

EFSA, Parma, ITALY

- 1. Welcome and apologies for absence**
- 2. Adoption of agenda**
- 3. Declarations of interest**
- 4. Agreement of the minutes of the 62nd Plenary meeting held on 26-28 11 2013**
- 5. Scientific outputs submitted for discussion and/or possible adoption¹**
 - 5.1. Draft opinion on chromium in foodstuffs (EFSA-Q-2012-00379)**

For discussion and possible adoption
 - 5.2. Draft opinion on acrylamide in food (EFSA-Q-2013-00007) – selected chapters of the draft opinion**

For discussion
- 6. New mandates**
 - 6.1. Request from EC for a scientific opinion on the risks for human health related to the presence of nitrofurans and their metabolites in food (EFSA-Q-2014-00066)**
- 7. Feedback from the Scientific Committee/the Scientific Panels, Working Groups, EFSA, the European Commission**
 - 7.1. Scientific Committee and other Scientific Panels**
 - 7.2. CONTAM Working groups**
 - 7.2.1. Working group on Acrylamide in food**
 - 7.2.2. Working group on Chromium and nickel**
 - 7.2.3. Working group on *Fusarium* toxins**

¹ [EFSA Register of questions](#)

7.2.4. Working group on Non-allowed pharmacologically active substances in food and feed and their reference points for action

7.3. EFSA

7.3.1. Advisory Forum

7.3.2. Management Board

7.3.3. CONTAM Panel meeting dates for 2014

7.3.4. Visit of the head of BIOCONTAM Unit

7.3.5. Other

7.4. European Commission

8. Other scientific topics for information and/or discussion

8.1. A letter from Bundesinstitut für Risikobewertung (BfR) Germany for the request for scientific opinion on plastic microparticles in marine animals

For discussion

8.2. Update on the draft statement on perchlorate in food, in particular fruits and vegetables (EFSA-Q-2013-00675)

For discussion

8.3. EFSA PRIMO model and variability factors for acute dietary exposure assessment and its influence on the opinions of the CONTAM Panel on acute exposure

For discussion

8.3.1. EFSA PRIMO model and variability factors for acute dietary exposure assessment of contaminants in food

8.3.2. Information paper on the ARfD and other approaches for risk assessment of contaminants causing acute effects in the previous CONTAM opinions

8.4. Present status of current outsourcing activities of the CONTAM Unit

9. Any other business
