

# EFSA Stakeholder Engagement Approach

3<sup>rd</sup> Roundtable with Industry Associations  
27 June 2016

Lucia de Luca, Stakeholder Engagement Officer

# EFSA 2020 STRATEGIC OBJECTIVES

## Prioritise public engagement in the process of scientific assessment.

Work area: Provision and communication of scientific advice for general risk assessment priorities and regulated products.

## Widen EFSA's evidence base and maximise access to its data.

Work area: Data collection and evidence management.

## Build the EU's scientific assessment capacity and knowledge community.

Work area: Cooperation and expertise management.

## Prepare for future risk assessment challenges.

Work area: Preparedness and methodological development.

## Create an environment and culture that reflects EFSA's values.

Work area: Governance, management, support services and coordination.

# 10 YEARS ON ....

## WHAT WORKED WELL

---

Regular (3x year) forum for dialogue

---

Good relations between the members and EFSA

---

Input to EFSA's Work Programmes

---

Break-out sessions and Discussion Groups

# 10 YEARS ON ....

## WHAT TO IMPROVE

Alignment with EFSA Strategy 2020

---

Gather input to inform EFSA's work

---

Access to balanced and wider knowledge & expertise

---

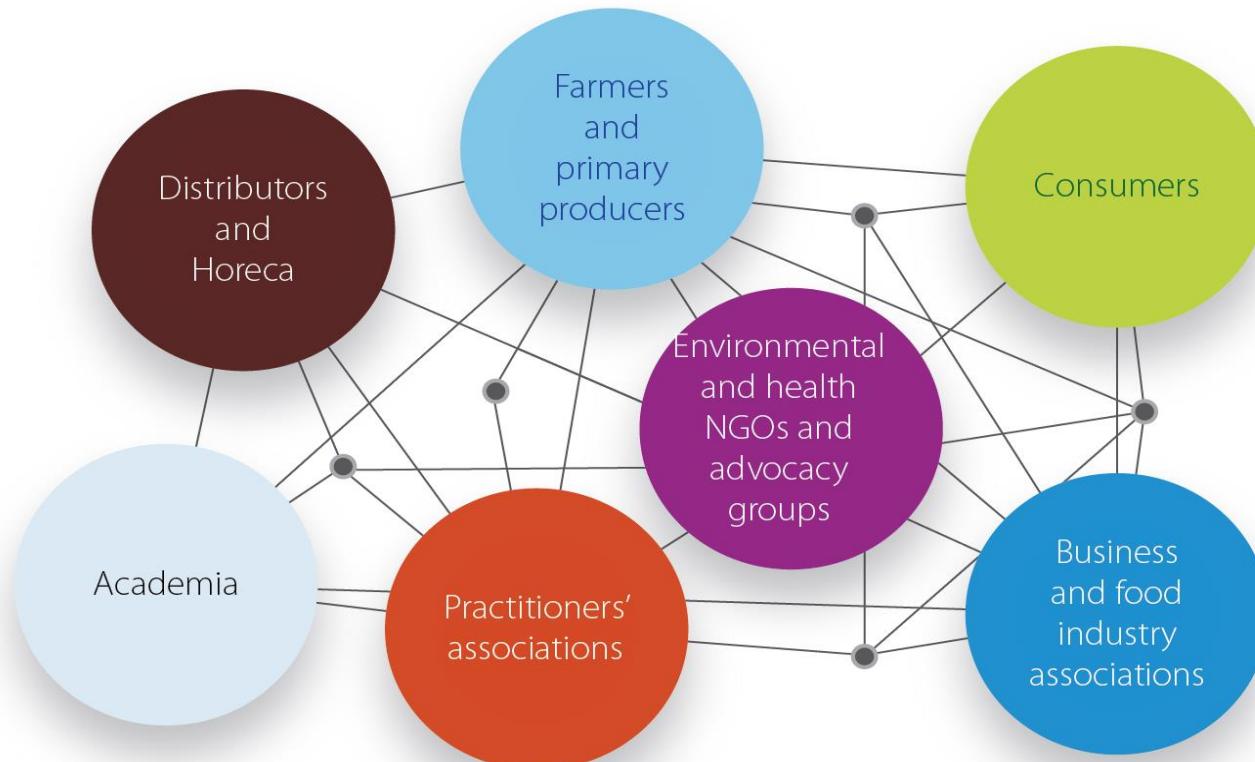

Targeted engagement

---
