PARTNERING GRANTS – STRATEGIC BACKGROUND

**SC
Roadmap
2014-
2016**

- Paved the way for EFSA & MS to implement collaborative projects through existing & innovative mechanisms / tools → ref. twinning projects

**EU-
RAA**

- Identified common long term needs and priorities agreed by MS and EFSA, allowing sharing of work and transfer of knowledge through partnership

**EFSA
Strategy
2020**

- SO3 - building the EU's scientific assessment capacity and knowledge community
- Operational Objective 2 - foster the growth of the EU and international risk assessment community

PARTNERING GRANTS – MAIN OBJECTIVES

Optimise/maximise use of existing RA capacity at EU level by stimulating joint projects/activities among MS

Promote knowledge & expertise transfer & exchange, contributing to its sustainability at EU level

- Two possible approaches:**
- **“Mentor” & “Beneficiaries” and/or**
 - **“Partners” with complementing mutual benefit**
