EFSA Colloquium is NOT:

- attempt to agree on the details of a preferred strategy
- meeting to define a blue print for the work ahead of us
- *who is right - who is wrong* discussion

Instead our Colloquium is:

- Platform for in-depth discussions on scientific approaches, methods available, and tools and data needed
- Event to explore opportunities and limitations
- Opportunity to identify further (research) needs
- Interactive !!!

Thank you for participating

Wishing you
frank

open and

constructive discussions
