

Update on Transparency and Engagement in Risk Assessment (TERA) project

Management Board Meeting
21 June 2017

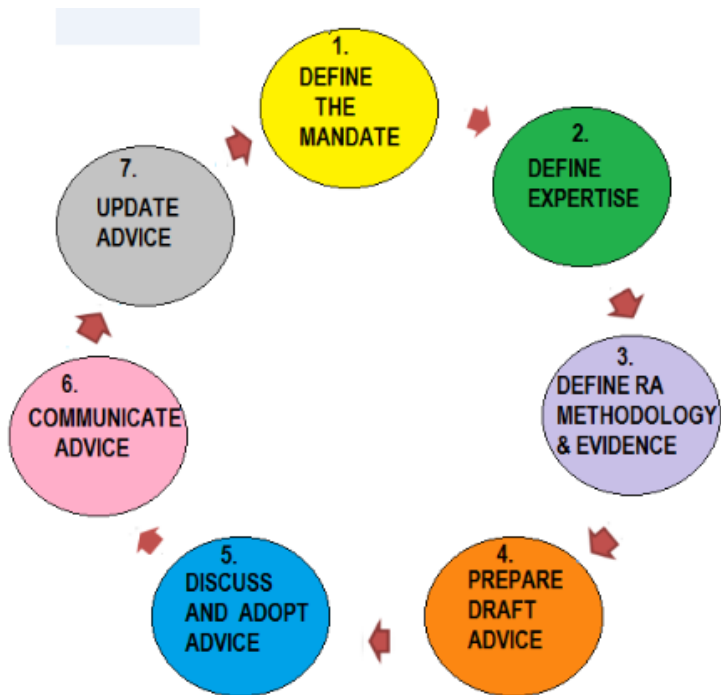

THE OVERALL CONTEXT

EFSA JOURNEY TO “OPEN EFSA”

CONSULTATION PHASE RESULTS

- ✓ 35 MEASURES AIMING AT INCREASING TRANSPARENCY AND ENGAGEMENT IN EFSA SCIENTIFIC PROCESS
- ✓ APPLICABLE TO DIFFERENT STEPS OF EFSA SCIENTIFIC ASSESSMENT CYCLE

IMPACT ASSESSMENT

**DECISION TAKEN ON THE MEASURES
IMPLEMENTATION AND TIMELINES**

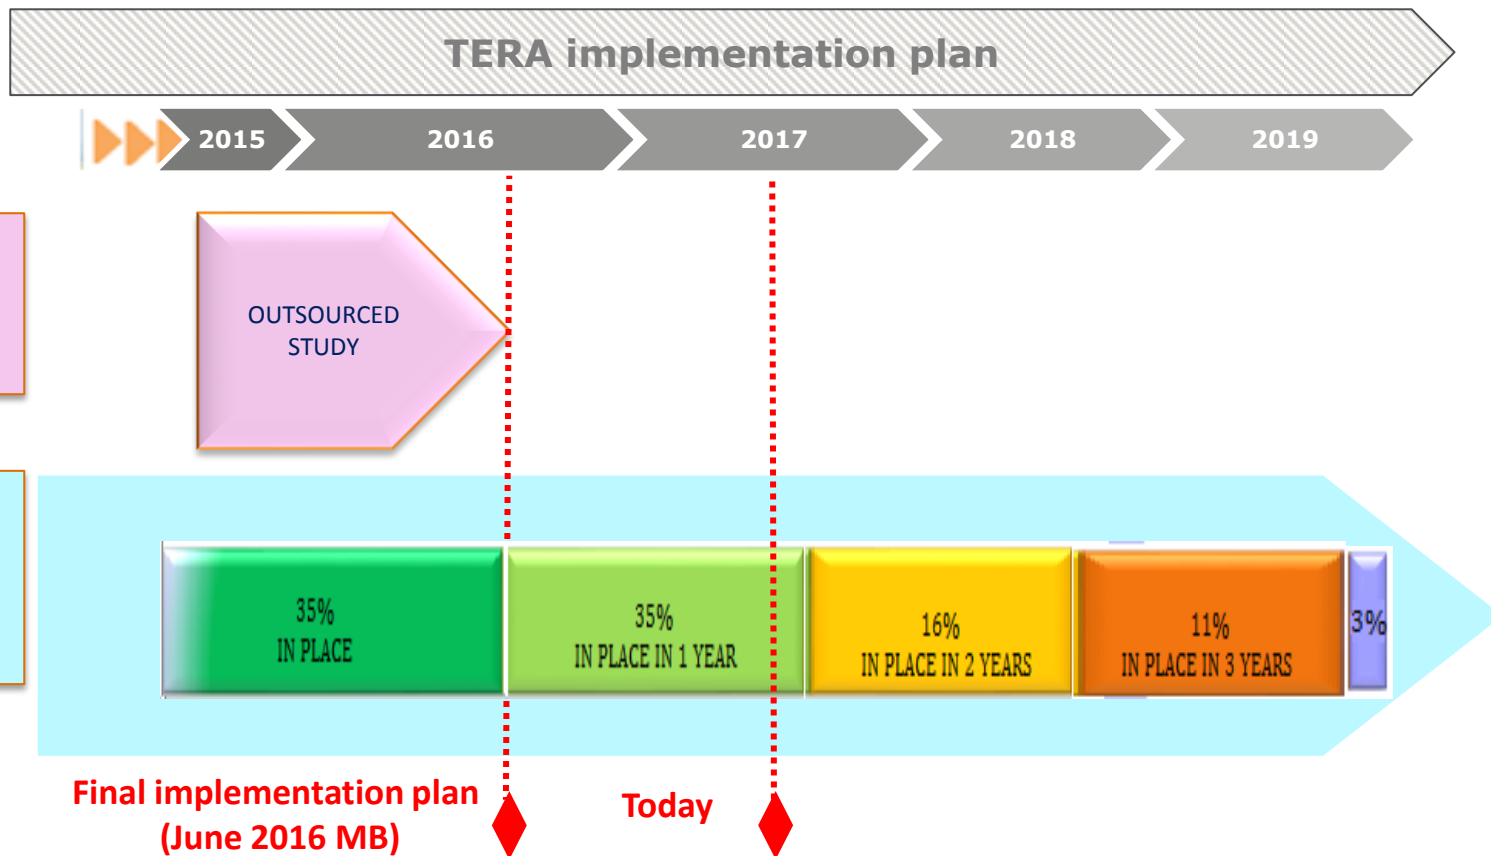

MEASURES IMPLEMENTATION - SNAPSHOT

- ☑ Increase availability of information on experts, working groups and their meetings
- ☑ Increase clarity of outputs (including Guidances)
- ☑ Enhance transparency of evidence/methods choices
- ☑ Enhance engagement via consultation (and linked initiatives)
- ☑ Increase availability/accessibility to evidence and methods used

FULL LIST OF MEASURES CAN BE FOUND [HERE](#)

WHERE WE ARE TODAY

-

- Minutes of plenaries published in 15 wd's, enhanced content (+WG)

- WGs meeting dates published ahead

↑ CLARITY OF OUTPUTS (INCL. GUIDANCE)

SCIENTIFIC OPINION

ADOPTED: 14 February 2017

doi: 10.2903/j.efsa.2017.4737

Scientific motivations and criteria to consider updating EFSA scientific assessments

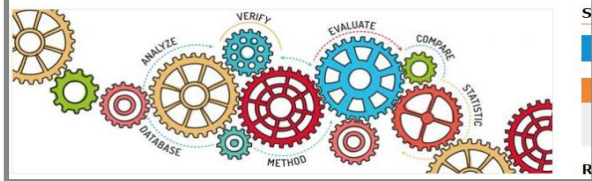

*“...reasons/objectives
/timetable are made
publicly available”*

- High-level pre-submission scientific meetings with *groups* of applicants
- More user friendly guidance on preparation and presentation of application dossiers
- Terminology harmonisation - mapping (*new*)

↑ AVAILABILITY/ACCESSIBILITY TO EVIDENCE, DATA AND METHODS USED

- Definition of confidential parts of dossiers (Matrix)
- Data Warehouse
- Knowledge junction

Knowledge Junction – open access to scientific models and tools

- Circle of Trust: + DATA stewardship contracts signed with 5 MSs

↑ ENGAGEMENT VIA CONSULTATION

- Public Consultation planner
- Consultation on draft mandates:
 - Self-tasks (e.g. Chemical Mixture) - *Public Consultation*
 - Draft mandates, self-tasks and internal mandates - *Targeted Consultation (EC + MSs, pilot FR and DE on draft mandates)*
 - Stakeholder Forum Mandate WG - *Targeted Consultation*
- External Peer-Review (process designing)
- Pre/during/post consultation meetings with MSs
- Early involvement of Stakeholders (Discussions/Focus Groups)
- New Consultation tool (pilot in July, Genotoxicity draft opinion)

 **New Consultation Guidelines (why/when/who/what)** 

ON-GOING MEASURES

Expertise Management Programme

- More information on experts and their meetings (WGs)- Q2 2018

- More engagement and transparency on Risk Assessment approaches (evidence/methodologies choices; Weight of Evidence + Uncertainty guidances) - Q4 2017
- Proactive release of evidence in readable/re-usable format – 2020
- User-friendly guidances (progressive implementation) - Q4 2018

PROMETHEUS

...ENOUGH IS NOT ENOUGH!

TRANSPARENCY FACTSHEET

EFSA explains **transparency**

How EFSA ensures transparency and engages with its stakeholders

- ▶ Tools and resources for following and engaging in EFSA's scientific process
- ▶ Improved data access and transparent methodologies make EFSA's science more understandable
- ▶ Independence of experts
- ▶ Clearer, simpler communication and more accessible information
- ▶ Openness on governance, planning and use of resources

THANK YOU FOR YOUR ATTENTION!
