

11th meeting of the EFSA Network on Nanotechnologies in Food and Feed

Meeting date:	29 October 2021
Meeting venue:	Online teams meeting
Chair:	Reinhilde Schoonjans
Co-chair:	Jose Tarazona
Assistance:	Maria Chiara Astuto, Irene Cattaneo, Ana Lambergar

Agenda

No.	Topic	Presenter
1	Welcome and Apologies for absence	Reinhilde Schoonjans
2	Update of Memberships	Newcomers introduction
3	Adoption of the agenda and web agenda	
4	Minutes of the previous meeting and AF forum reports	
5	Declarations of interest (DOI) and Confidentiality	Ana Lambergar
6	New Management Board decision and New Terms of Reference (ToR) of the NANO Network	Reinhilde Schoonjans
7	Implementation of the Nano Guidances	ccWG nano members and MS
8	TiO2 opinion	Ana Rincon, Jose Tarazona
9	Feedback from MS on new scientific developments: - RIVM (NL) work on SAS	The Netherlands, Agnes Oomen
10	Intestinal in vitro models of PATROLS	Angela Kämpfer
11	The GRACIOUS Framework: Using grouping and read-across to support risk assessment of nanomaterials	Vicky Stone
12	Feedback from MS on ongoing (parallel) activities or issues of concern from the MS - Nano-biostimulant and nano-fertilisers: an emerging topic - Science informed risk governance of nanotechnology - perspective of the H2020 RiskGONE project	Italy, Francesco Cubadda Croatia, Ivana Vinković Vrček

13	Feedback from MS on joint research highly needed <ul style="list-style-type: none"> - High-content/high-throughput testing platform for assessing neurodevelopmental adverse effects of complex chemical mixtures with nanoplastics 	Croatia, Ivana Vinković Vrček
14	AOB and Conclusions <ul style="list-style-type: none"> - MS expertise - Upcoming trainings from EFSA – registration deadline 1 November 	Reinhilde Schoonjans
15	Placeholder for cases	ccWG nano members only

End of the meeting
