Research Platform

Tools

- Funding programmes <http://www.efsa.europa.eu/en/engage/research-platform>

EFSA's Research Platform is home for the wider food safety research community. It aims to support project ideas, promote consortia formation, and help scientists find opportunities for public research funding in food safety.
- National funding opportunities

The Platform has been created in response to a call for coordination in the area of food safety research at EFSA's first Risk Assessment Research Assembly ([RARA](#)), where participants called on EFSA to be a knowledge-broker between scientists and policy makers.
- Upcoming calls

The platform offers access to the following tools:

Funding programmes: a selection of current funding opportunities that are most relevant to food safety, along with a list of national funding programmes identified by Focal Points.
- Partner search

Upcoming calls: announced calls in EFSA's remit that are selected to allow researchers to monitor upcoming opportunities.
- On-going research

Knowledge Centre: a selection of key policy and strategy papers as well as information on EU project databases to find EU-funded research projects and details about current external research projects involving EFSA.
- Project ideas

Partner search: there are useful websites to help you find partners or express your interest to [participate in consortia](#) . In addition, EFSA has a large network of [competent organisations](#) and researchers we work with. To find partners in your country, please contact your national [EFSA Focal Point](#).
- Twitter / LinkedIn

Research projects and ideas: should you wish to find out about ongoing research projects, click [here](#) . You can also follow the Research Coordinator on [Twitter](#)  or [LinkedIn](#) , or simply send an [email](#).

Funding programmes

This page provides an overview of different funding programmes relevant in the context of food safety, including European and global funding schemes.

A list of [national funding opportunities](#) compiled by EFSA's Focal Points and covering Food Sciences topics is also available.

Results 1 - 11 of 11

COST – European Cooperation in Science & Technology

COST provides networking opportunities for researchers and innovators in order to strengthen Europe's capacity to address scientific, technological and societal challenges.

 [COST website](#)

EEA Grants and Norway Grants

The EEA and Norway Grants are financial mechanisms financed by Iceland, Liechtenstein and Norway. The aim of the Grants is twofold: to reduce social and economic disparities in Europe and to strengthen the bilateral relations between the three donor countries and the 15 European countries which receive the funding.

 [EEA Grants and Norway Grants website](#)

National funding opportunities

This page provides information compiled by EFSA's Focal Points about available funding opportunities relevant to Food Sciences topics at national level.

Select a country ▼

Austria

- Bundesministerium für Landwirtschaft, Regionen und Tourismus (BMLRT) / Federal Ministry of Agriculture, Regions and Tourism: [Programme for Research & Development](#) 
- Climate Research Initiative: [StartClim](#) 
- Klima- und Energiefonds / Climate and Energy Fund of the Austrian Federal Government: [Austrian Climate Research Programme \(ACRP\)](#) 
- Österreichische Forschungsförderungsgesellschaft (FFG) / Austrian Research Promotion Agency:
 - [General Programme](#) 
 - [COIN](#) 
 - [BRIDGE](#) 
 - [KIRAS Security Research](#) 
- Wiener Wissenschafts-, Forschungs- und Technologiefonds (WWTF) / Vienna Science and Technology Fund: [Life Sciences thematic call programme](#) 
- Wissenschaftsfonds (FWF) / Austrian Science Fund: [FWF Programmes](#) 

Bulgaria

- Ministry of education and science:
 - [Bulgarian National Science Fund \(BNSF\)](#) 
 - [National Science Program "Healthy foods for a strong bio-economy and quality of life"](#) 
- Ministry of Foreign Affairs: [Bulgarian Official Development Assistance](#) 

Croatia

Please provide us with

- Feedback on the new page
- Any relevant new national funding opportunity

Upcoming calls

Visegrad Grants

 [Go to the call](#)

Deadline: 1 October 2021

Furthering food systems science and federating researchers across the European Research Area

Code: HORIZON-CL6-2021-GOVERNANCE-01-02

 [Go to the call](#)

Opening date: 22 June 2021 **Deadline:** 6 October 2021

International Research Consortium on (agricultural) soil carbon

Code: HORIZON-CL6-2021-CLIMATE-01-07

 [Go to the call](#)

Opening date: 22 June 2021 **Deadline:** 6 October 2021

Environmental impacts and trade-offs of alternative fertilising products at global/local scale.

Code: HORIZON-CL6-2021-ZEROPOLLUTION-01-09

 [Go to the call](#)

Opening date: 22 June 2021 **Deadline:** 6 October 2021

Integrated urban food system policies – how cities and towns can transform food systems for co-benefits

Code: HORIZON-CL6-2021-COMMUNITIES-01-05

 [Go to the call](#)

Opening date: 22 June 2021 **Deadline:** 6 October 2021

Novel, non-plant biomass feedstocks for industrial applications

Code: HORIZON-CL6-2021-CIRCBIO-01-05

 [Go to the call](#)

Opening date: 22 June 2021 **Deadline:** 6 October 2021

Evidence-based decision-making to change social norms towards zero food waste

Code: HORIZON-CL6-2021-FARM2FORK-01-13

 [Go to the call](#)

Opening date: 22 June 2021 **Deadline:** 6 October 2021

Increasing the transparency of EU food systems to boost health, sustainability and safety of products, processes and diets

Code: HORIZON-CL6-2021-FARM2FORK-01-17

 [Go to the call](#)

Opening date: 22 June 2021 **Deadline:** 6 October 2021

RARA update

Trusted science for safe food

- Initially scheduled in Berlin on 1 December 2021
- Ongoing limitations from COVID include:
 - Travel restrictions
 - Travel budgets freeze
- Postponed to **December 2022**
 - Networking activities
 - Opportunity to reflect on ONE conference (June 2022)
 - Information on EFSA website:
<https://www.efsa.europa.eu/en/events/risk-assessment-research-assembly-rara-berlin-december-2022>

Stay tuned!
