

METHODOLOGY AND SCIENTIFIC SUPPORT UNIT

## 108<sup>th</sup> SCIENTIFIC COMMITTEE PLENARY

|                |                              |
|----------------|------------------------------|
| Meeting date:  | <b>27-28 April 2022</b>      |
| Meeting hours: | <b>09:00-18:30, 27 April</b> |
|                | <b>09:00-16:00, 28 April</b> |
| Meeting venue: | <b>Web conference</b>        |
| Chair:         | <b>Simon More</b>            |

## Agenda

| No. | Topic  |
|-----|--|
| 1   | <b>Welcome and apologies for absence</b>   |
| 2   | <b>Adoption of the agenda</b>  |
| 3   | <b>Declarations of Interest of SC Members</b>  |
| 4   | <b>Scientific outputs submitted for information/ discussion/ possible endorsement/adoption</b>   |
| 4.1 | <p>Draft review of the existing health-based guidance values for copper and its exposure assessment from all sources (<a href="#">EFSA-Q-2020-00399</a>)</p> <p><i>For discussion and possible endorsement for public consultation</i></p>   |
| 4.2 | <p>Draft technical report on a common approach on exposure assessment methodologies for residues from veterinary medicinal products, feed additives and pesticides residues in food of animal origin (Art. 31 request to EFSA and EMA)</p> <p><i>For discussion and possible endorsement for public consultation</i></p> |
| 4.3 | <p>New EC mandates</p> <ul style="list-style-type: none"> <li>- Request for a scientific report on dietary exposure to metals and iodine in seaweed and halophytes in the European population (Art. 31)</li> </ul>   |

|                                  |  |
|----------------------------------|--|
|                                  | <ul style="list-style-type: none"> <li>- Draft EC mandate on the risks for human health related to the presence of bromide ion in food/feed (Art. 29)</li> </ul> <p><i>For information</i></p>   |
| 4.4                              | <p>Allergenicity:<br/>presentation of the Opinion on development needs for the allergenicity and protein safety assessment of food and feed products derived from biotechnology</p> <p><i>For information</i></p>  |
| 5                                | <p><b>Feedback from the Scientific Panels, EFSA, the European Commission</b></p>   |
| 5.1                              | <p>Feedback from the panels:</p>   |
| 5.1.1                            | <ul style="list-style-type: none"> <li>- Overview of the work programme of AHAW and FAF panels</li> <li>- Last minute issues relevant for the Scientific Committee: issue raised by the CEP panel</li> </ul>   |
| 5.2                              | <p>Feedback from EFSA:</p>   |
| 5.2.1                            | <p>Update on WGs activities:</p> <ul style="list-style-type: none"> <li>- Cross-cutting WG Nano</li> <li>- Cross-cutting WG on Genotoxicity</li> <li>- Cross-cutting WG Uncertainty</li> <li>- WG Botanicals</li> <li>- WG Benchmark dose (BMD) approach</li> <li>- WG Fluoride</li> <li>- WG MUST B</li> <li>- WG Protocol Development</li> <li>- WG Read Across</li> <li>- WG Risk Benefit Assessment</li> </ul> <p><i>For information</i></p> |
| 5.2.2                            | <p>Discussion on draft work-programme Scientific Committee 2022 – 2024 and prioritisation of activities:</p> <p>Overview on SPIDO ongoing activities: zooming in on new approach methodologies (NAMs)</p> <p>Brainstorming on topics to be inserted in the SC work-programme as result of panel consultation</p> <p><i>For information and discussion</i></p>  |
| 6                                | <p><b>Any other business</b></p>   |
| <p><i>End of the meeting</i></p> |  |
