4. Agreement on the minutes of the 142nd NDA Plenary meeting held on 29th and 30th November 2023 by teleconference.

The [minutes](#) of the 142nd Plenary meeting were agreed by written procedure on 11 December 2023.

5. Scientific outputs submitted for discussion/possible adoption/endorsement

5.1 Draft opinion on Isomalto-oligosaccharide as a novel food (NF 2021/2469) Applicant: BioNeutra North America Inc. EFSA-Q-2021-00185

The Panel discussed the draft scientific opinion, and in particular reviewed the sections regarding product characterization, production process, proposed uses and use levels, anticipated daily intake, absorption/distribution/metabolism/excretion, nutritional information, toxicology, human studies and allergenicity. The opinion was adopted by the Panel on 14 December subject to editorial changes. The full text of the opinion will be available in January 2024 in the EFSA Journal.

5.2 Technical Report on CBD literature search performed in support to the EFSA's "Statement on safety of cannabidiol as a novel food: data gaps and uncertainties"

The Panel discussed the revised draft technical report, which provided the details of the literature review used to prepare the NDA Panel "Statement on safety of cannabidiol as a novel food: data gaps and uncertainties" (EFSA-Q-2021-00735). The technical report was endorsed by the Panel on 14 December, subject to editorial comments. It will be published in January 2024 as supportive document to the Statement.

5.3 Update of the Guidance on the preparation and submission of an application for authorisation of a novel food in the context of Regulation (EU) 2015/2283. EFSA-Q-2023-00442

The Panel discussed the draft scientific Guidance document and in particular the sections on compositional data, history of use of the novel food and its source, and proposed uses, use levels and anticipated intake. Feedback from the Panel was received. After amendments, the Guidance document will be presented at the next NDA Panel meeting for further discussion.

5.4 Scientific opinion on the revision of the Tolerable Upper Intake Level (UL) for iron. EFSA-Q-2021-00370

The Panel discussed the draft scientific opinion, and in particular the section related to hazard characterisation. Feedback from the Panel was received. A revised draft opinion will be presented

at the next NDA plenary meeting on 30 January-1 February 2024 for discussion/possible endorsement for release for public consultation.

6. Any other business

The next NDA Plenary meetings will be held on 11 January 2024 (via teleconference) and 30 January-1 February 2024 (in Parma).
