Position: Head of the quality and product development department
Activities: Setting up and implementing quality systems (HACCP, BRC)

1993-1997 NIZO (Netherlands Institute for Dairy Research).
Position: Scientific researcher.

Competence

My strongest skills are to observe, listen, interpret, influence and network in various situations, taking into account the needs and interests present there, with a sense of relationships, atmosphere and positions.

I have good communication skills specifically in the field of 'translating' technical subjects and difficult issues into accessible messages.

Other competences: sense of political relationships, integrity, result-oriented, planning and organization, stress-resistant, flexible attitude, social and team player.
