

RISK ASSESSMENT INITIATIVES HUB

Cristina Alonso Andicoberry (ENREL)

Andrea Nironi (COM)

Jacopo Alabiso (COM)

WHY A NEW PLATFORM

Collaboration with MS is a key priority

Objectives: (i) avoid duplication of work, (ii) identification of priorities; (iii) best use of resources, (iv) partnerships, addressing both EFSA and MS immediate and preparedness needs

Business needs drove the technological choice: the Hub offers a single, user-friendly, and efficient model

Focal Points are the main data providers. Advisory Forum will also have access to the Hub

MS FPs trained during the 58th FP meeting

Presentation to AF during 96th AF meeting

The screenshot shows the EFSA SharePoint interface. At the top, it says 'efsa' and 'SharePoint'. Below that, there are links for 'Teams', 'FP calendar', 'Documents library', and 'Go to Homepage'. The main heading is 'efsa FOCAL POINT' and 'Focal Points Network', with 'Private group' underneath. There is a '+ Add new item' button and options for 'Edit in grid view', 'Undo', and 'Share'. At the bottom, it says 'Tailor-made proposals submission tool (TM tool)' with a star and a checkmark icon.
