

## Pesticides Peer Review Experts' Teleconferences

### Pesticides Peer Review Experts' Teleconferences January – February 2026

Teleconference	Date*	Section	Substances**
TC 194	26 January 2026 h 09:00-13:00  (GMT+1, Rome)	Identity, Physical and Chemical Properties	Calcium Carbide – AIR IV (EE)
TC 195	26 January 2026 h 09:00-17:00  27 January 2026 h 09:00-17:00  28 January 2026 h 09:00-17:00  29 January 2026 h 09:00-17:00  (GMT+1, Rome)	Mammalian toxicology	Calcium Carbide – AIR IV (EE)  Choline Hydrogen Phosphonate – NAS 1107 (BE)  Fluoxastrobin – AIR III after ED clock-stop (DE previously UK) <ul style="list-style-type: none"><li>• NDE</li><li>• PPP/Co-formulants</li><li>• Combined exposure with Prothioconazole</li></ul> Eugenol – AIR V (ES) Geraniol – AIR V (ES) Thymol – AIR V (ES) Clove oil – AIR IV (ES)  The <b>discussion in fate and behaviour</b> section regarding the active substances Eugenol, Geraniol, Thymol and Clove oil was organized in Nov/Dec 2025 experts' meeting round.

TC 196	30 January 2026 h 09:00-17:00  (GMT+1, Rome)	Mammalian toxicology – Ecotoxicology <b>(joint session) on ED properties</b>	<b>Joint session on endocrine disruption (ED) properties (mam tox/ecotox)</b>  Choline Hydrogen Phosphonate – NAS 1107 (BE) (mamtox/ecotox)  Fluoxastrobin – AIR III after ED clock-stop (DE previously UK) (ecotox)  Calcium Carbide – AIR IV (EE) (mamtox/ecotox)
TC 197	30 January 2026 h 09:00-18:00  2 February 2026 h 09:00-18:00  3 February 2026 h 09:00-18:00  4 February 2026 h 09:00-18:00  5 February 2026 h 09:00-18:00  6 February 2026 h 09:00-18:00  (GMT+1, Rome)	Ecotoxicology	Choline Hydrogen Phosphonate – NAS 1107 (BE)  Calcium Carbide – AIR IV (EE)  Eugenol – AIR V (ES) Geraniol – AIR V (ES) Thymol – AIR V (ES) Clove oil - AIR IV (ES) <ul style="list-style-type: none"><li>• Discussion on PPP/co- formulants only</li></ul> The ED discussion of the substance Choline Hydrogen Phosphonate and Calcium Carbide is organised under the Mammalian toxicology- Ecotoxicology (joint session) on ED properties TC 196  The discussions in other sections regarding the active substances Eugenol, Geraniol, Thymol have been organised in the previous experts' meeting rounds (Nov/Dec 2025). The ED discussion for these substances will be organised at a later round.

TC 198	10 February 2026 h 09:00-18:00  (GMT+1, Rome)	<b>Joint session</b> <b>Micro-organisms***</b>  Mammalian toxicology Residues Fate and behaviour Ecotoxicology	Trichoderma atroviride strain I-1237 – AIR V (IT)  • Assessment of secondary metabolites
TC 199	11 February 2026 h 09:00-18:00  (GMT+1, Rome)	<b>Micro-organisms***</b>  Mammalian toxicology	Trichoderma atroviride strain I-1237 – AIR V (IT)  Bacillus nakamurai F727 – NAS (NL)  H. armigera NPV (isolate) BV-0003 – AIR V (EE)  Spodoptera littoralis nucleopolyhedrovirus – AIR V (EE)  • Discussion on PPP/co-formulants only
TC 200	09 February 2026 9.30-18:00  10 February 2026 9.00-18:00  (GMT+1, Rome)	Residues	Eugenol – AIR V (ES)  Boscalid – AIR III (SK)  Choline Hydrogen Phosphonate (NAS 1107) – BE
TC 201	12 February 2026 h 09:00-18:00  13 February 2026 h 09:00-13:00  (GMT+1, Rome)	<b>Micro-organisms***</b>  Ecotoxicology	Trichoderma atroviride strain I-1237 – AIR V (IT)  Bacillus nakamurai F727 – NAS (NL)  H. armigera NPV (isolate) BV-0003 – AIR V (EE)  Spodoptera littoralis nucleopolyhedrovirus – AIR V (EE)

\*The exact meeting/teleconference dates and times will be stated in the invitation letter.

\*\* AIR IV, AIR V - Annex I Renewal under Reg (EU) No 844/2012, NAS 1107 – New active substance under Reg (EC) No 1107/2009

\*\*\* **Micro-organisms Joint session:** experts with specific expertise on microorganisms from **mammalian toxicology, residues, fate and behaviour** and **ecotoxicology** are expected to be nominated by the MSs to discuss updated literature for identification of potential metabolites; updated results of whole genome sequence screening for metabolites, effects on non-targeted organisms and environment, data provided for identified metabolites of concern, quantifying their presence in PPP and after application in the crop.

**Micro-organisms session in mammalian toxicology and ecotoxicology:** Experts with specific expertise on microorganisms are expected to be nominated by the MSs. Discussions on PPP/co-formulants will take place both in mammalian toxicology and ecotoxicology sessions.
