

Remunerated External Experts (REE)

The Remunerated External Experts (REE) framework enables EFSA to access specialised expertise whenever scientific or operational support is required. Through two complementary schemes—ISA and OSA—external experts provide scientific, technical, operational and methodological advice across a wide range of fields.

WHAT ISA AND OSA HAVE IN COMMON

-  Natural people
-  Selected on professional capacity
-  Transparent evaluation process
-  Fixed daily remuneration (€360 per day)
-  Task-based contracts for specific activities

ISA - INDIVIDUAL SCIENTIFIC ADVISORS

- Scientific and technical expertise
- Support to scientific assessments
- Scientific advice on specific assignments
- Fields such as toxicology, epidemiology, chemistry, nutrition and related sciences

OSA - OPERATIONAL SUPPORT ADVISORS

- Operational and methodological expertise
- Support to communication, digital and organisational activities
- Advice, analyses, reviews and training support
- Fields such as communication, digital, AI, UX, social science and knowledge management
