

Applications helpdesk – Renewal of approval under AIR programme: application procedure

The marketing and use of pesticides is covered by Regulation EC 1107/2009. The specific data requirements for applications are contained in Regulation EU 283/2013 and Regulation EU 284/2013. The authorisation of active substances initially granted by the European Commission expires after 10 years. A new application under Regulation EU 844/2012 is submitted for renewal to the Rapporteur Member State 36 months before the expiry date.
