

CLARIFICATION 2

Call reference: GP/EFSA/ENCO/2020/04

Call title: Selection of hosting sites for EFSA's European Food Risk Assessment Fellowship (EU-FORA) Programme

Question 2:

We would like to know if it is possible for another researcher to submit another proposal to this call. Is there any limit? We think there is no problem, but we would like to confirm it with you.

Answer 2:

Please note that individual researchers cannot submit an application to this call for proposals. Applications are only eligible from organisations which are on the article 36 list of competent organisations. We confirm that there is no limit on the number of work programmes which an organization can submit in response to this call for proposals and it is feasible that individual researchers within an organization on the article 36 list could submit proposals for different work programmes. Separate application forms must however be submitted for each work programme offered.
