B.1.2 Manufacturer of the preparation and the micro-organism

Confidential information. Please refer to volume 4.

B.1.3 Trade name or proposed trade name, and manufacturer’s development code number of the preparation if appropriate

Trade name is XenTari® WG.

Development codes: BTa ABTS-1857

Other trade names are Florbac®, XenTari®, and Xentari® GD.

The product formulation with code reference ABG-6314 is identical to the plant protection product formulation XenTari® WG.

B.1.4 Detailed quantitative and qualitative information on the composition of the preparation

XenTari® WG contains 54% w/w active substance (15,000 IU/mg or 35,000 DBM Units/mg). The active substance is *Bacillus thuringiensis* ssp. *aizawai* (strain ABTS- 1857) (fermentation solids, spores and insecticidal toxins).

The identity and content of the composition, co-formulants, impurities and additives is confidential to Valent Biosciences Corp. and is presented in volume 4.

B.1.5 Physical state and nature of preparation

Formulation type: Water Dispersible Granule (WG).

B.1.6 Function

Insecticide (biological insecticide for the control of defoliating caterpillars in field and protected crops).

B.1.7 References relied on

None.
