

CLARIFICATION N°14

Call reference: GP/EFSA/ED/2022/01

Call title: NAM projects in the areas of AOP development and transcriptomics for risk assessment

Question :

Can a subcontractor that was part of the outline proposal be considered in the full application as a partner when this partner in the meanwhile received an official Art 36 status, or should this subcontractor remain as a listed subcontractor in the full application?

Answer :

Partners in the consortium must correspond to the ones indicated in the outline proposal (step 1) and cannot be modified in the full application (step 2).

Therefore, the subcontractor must remain listed as subcontractor in the full application.
