Call reference: EUBA-EFSA-2025-BIOHAW-03

Call title: Establishing capacities for active surveillance of highly pathogenic avian influenza in wild birds in Europe

Question 1: Could you please advise whether a simplified financial statement shall be submitted for all partners, including Universities on the list of competent organizations?

Answer: As stated in the Call for proposals, section 2.4 A) Financial capacity, a simplified financial statement is only required for private bodies. If the legal status of your organisation is 'private body', the simplified financial statement has to be submitted as described in section 2.4 A) of the Call. This requirement applies to consortium leader and partners.

Question 2: Can both wild birds found dead and apparently healthy birds be targeted for surveillance in this call?

Answer: Wild birds found dead are not the target of this call, as passive surveillance should already be covered by the Union surveillance programs.
