Subject matter: The French Agency for Food, Environmental and Occupational Health and Safety (ANSES) is a public organisation accountable to the French Ministries of Health, Agriculture, Environment, Labour and Consumer Affairs. ANSES undertakes monitoring, expert assessment, research and reference activities in a broad range of topics that encompass human health, animal health and well-being, and plant health. Its monitoring, vigilance and surveillance work provides input for risk assessment. ANSES fully addresses all types of risks (chemical, biological, physical, etc.) to which a person may be subjected, intentionally or otherwise, at all ages and stages of life, including through exposure at work, while travelling, while engaging

in leisure activities, or via their diet. I am Senior Toxicologist. We perform risk assessments in the following areas:

- Contaminants (Risk assessment on environmental contaminants present in food: PCBs, Cd, etc.)
- Food contact materials (Evaluation prior to decision for marketing authorisation: New substances in non harmonized materials: rubbers, silicon, cleaning agents etc.)
- Additives & processing aids (Evaluation prior to decision for marketing authorisation of processing aids. Specific requests on some food additives (literature surveys...): E171, Aspartame, etc.). March 2019: Involved in the assessment of newly published literature on the toxicology of titanium dioxide as a food additive

Note regarding the processing of personal data

EFSA processes all Declarations of Interests (Dols) in accordance with Regulation (EU) 2018/1725. DoI processing is necessary in order to safeguard the independence of EFSA and enable the Authority to carry out its mission and comply with its obligations under Regulation (EC) No 178/2002.

The Executive Director of EFSA is the data controller with respect to the handling of Dols.

Concerned individuals have the right to access, rectify, erase and object to the processing of their ADol at any time. Nevertheless, for certain categories of individuals (e.g., experts), it may be a mandatory requirement to submit a DoI to EFSA so as to verify the absence of conflicts of interests and thus protect the independence of EFSA. Concerned individuals will be contacted if EFSA becomes aware of information that is not consistent with the declared interest such as on the occasion of compliance monitoring activities outlined in the relevant [Standard Operating Procedure](#).

Certain ADols shall be made publicly available in accordance with Article 38(1)(d) of Regulation (EC) No 178/2002. Furthermore, ADols may be transferred to bodies in charge of monitoring, auditing or inspection in conformity with EU Law.

The conservation period for ADols per category of data subjects is 10 years from the date of submission of the relevant ADol.

Concerned individuals may direct any queries regarding personal data processing by EFSA to the data protection officer DataProtectionOfficer@efsa.europa.eu. They are entitled to submit a complaint at any time to the European Data Protection Supervisor: <http://www.edps.europa.eu>

The legal basis for ADol processing is provided for in Articles 22, 37 and 38 of Regulation (EC) No 178/2002.
