

Declaration of interests

(Please note that high quality of scientific expertise is by nature based on prior experience and that therefore having an interest does not necessarily mean having a conflict of interest)

Name : **Jacqueline Castenmiller**

Title: **DR.**

Profession : **Nutritionist, risk assessor, NVWA (NL), Office for Risk Assessment & Research**

Current EFSA Involvements

- Member - NDA Panel Experts (2018-2024)
- Member - WG/U/SCER/2018/02 - Cross-cutting WG nanotechnologies
- Member - NT/U/DATA/2017/02 - Scientific Network on Food Consumption Data
- Member - NT/U/SCER/2012/02 - EFSA Nanotechnology Network
- Member - WG/SC/SCER/2021/01 - Fluoride

Interests

I. Financial investments

No interests

II. Managerial role

No interests

III. Member of a scientific advisory entity

Period: **01/07/2007 - now**

Organisation: **Rijksinstituut voor Volksgezondheid en Milieu (RIVM)**

Impact on annual earnings: **0%**

Subject matter: RIVM (National Institute for Public Health and the Environment) is a public institution in the Netherlands that carries out studies and, in its role as trusted advisor, provides government with impartial advice on infectious diseases, vaccination, population screening, life style, nutrition, pharmaceuticals, environment, sustainability and safety. The Dutch Food Composition Database is owned by the Ministry of Health, Welfare and Sport and managed and maintained by staff of RIVM. The RIVM staff are advised in their work by an Advisory Board with scientific experts, data providers and users of NEVO data.

Membership of Advisory Board of the Dutch Food Composition Database.

Role: member/scientific expert advising on work programme. This role does not entail risk assessment or risk management duties.

Number of meetings per year: 2.

Period: **01/10/2006 - now**

Organisation: **RIVM (Rijksinstituut voor Volksgezondheid en Milieu)/Ministry of Health, Welfare and Sport**

Impact on annual earnings: **0%**

Subject matter: RIVM (National Institute for Public Health and the Environment) is a public institution in the Netherlands that carries out studies and, in its role as trusted advisor, provides government with impartial advice on infectious diseases, vaccination, population screening, life style, nutrition, pharmaceuticals, environment, sustainability and safety. Under the authority of the Netherlands Ministry of Health, Welfare and Sport, periodic data are collected on food consumption and nutrition status of the Dutch population and of specific groups within the population.

Membership of Advisory Committee on Food Consumption Surveys in the Netherlands.

Role: member advising the Ministry of Health, Welfare and Sport on scientific matters related to food consumption surveys. This role does not entail risk assessment or risk management duties.

Number of meetings per year: 2-3.

IV. Employment

Period: **01/10/2006 - now**

Organisation: **Netherlands Food and Consumer Product Safety Authority**

Impact on annual earnings: **>25%**

Subject matter: Coordinating Specialist Advisor at the Office for Risk Assessment & Research of NVWA, a governmental agency in the Netherlands responsible for assessing, monitoring and signalling food and feed safety issues with a possible impact on public health. Main tasks: to assess risks; to write opinions based on risk assessments; to translate problems identified and policy questions into research questions. As risk assessors we do not take risk management decisions. Areas of expertise: nutrition, epidemiology, toxicology, public health.

Specifically related to nanotechnology, in July 2018 I (co)-organised a meeting on titanium dioxide with invited international guests. This was carried out as a public duty with no RM task. The report of the workshop was used as an integral part of the advice on titanium dioxide that was published in August 2019 on our website (<https://www.nvwa.nl/zoeken?trefwoord=E171&search-submit=>).

V. Occasional consultancy

No interests

VI. Research funding

No interests

VII. Intellectual property rights

No interests

VIII. Other memberships or affiliations

Period: **01/08/2005 - now**

Organisation: **Foundation for Biomedical Scientific Research Training (Stichting voor opleiding tot Medisch-Biologisch Wetenschappelijk Onderzoeker, SMBWO)**

Impact on annual earnings: **0%**

Subject matter: The Netherlands Academy of Nutritional Sciences (Nederlandse Academie van Voedingswetenschappen, NAV), is a platform of scientifically trained nutritionists in the Netherlands and has over 260 members. The Academy aims to further improve the quality of the applied and basic nutritional sciences, to promote multi-disciplinary cooperation and to strengthen the (inter)national contacts in the field. Member of Netherlands Academy of Nutritional Sciences (NAV); membership involves receiving newsletters and following conferences and lectures. Two meetings per year. Impact on annual earnings: 0%. NAV's membership must be linked to a registration as a scientific researcher in the nutritional sciences. The B registration entails a recognition by the Medical Biological Scientific Researcher Foundation (SMBWO). This latter registration only accepts PhD students.
Registered as Nutritional Scientist (B) at SMBWO.

IX. Other relevant interest

No interests

User Agreement

I confirm that:

- I think I do not have a conflict of interest with respect to my activity(ies) at EFSA
 - ~~I think I have a conflict of interest with respect to my activity(ies) at EFSA~~
- Remarks:

I hereby declare that I have read the [EFSA Decision on Competing Interest Management](#) implementing EFSA's Policy on Independence and that the above declaration is truthful and complete.

Note regarding the processing of personal data

EFSA processes all Declarations of Interests (Dols) in accordance with Regulation (EU) 2018/1725. Dol processing is necessary in order to safeguard the independence of EFSA and enable the Authority to carry out its mission and comply with its obligations under Regulation (EC) No 178/2002.

The Executive Director of EFSA is the data controller with respect to the handling of Dols.

Concerned individuals have the right to access, rectify, erase and object to the processing of their ADol at any time. Nevertheless, for certain categories of individuals (e.g., experts), it may be a mandatory requirement to submit a Dol to EFSA so as to verify the absence of conflicts of interests and thus protect the independence of EFSA. Concerned individuals will be contacted if EFSA becomes aware of information that is not consistent with the declared interest such as on the occasion of compliance monitoring activities outlined in the relevant [Standard Operating Procedure](#).

Certain ADols shall be made publicly available in accordance with Article 38(1)(d) of Regulation (EC) No 178/2002. Furthermore, ADols may be transferred to bodies in charge of monitoring, auditing or inspection in conformity with EU Law.

The conservation period for ADols per category of data subjects is 10 years from the date of submission of the relevant ADol.

Concerned individuals may direct any queries regarding personal data processing by EFSA to the data protection officer DataProtectionOfficer@efsa.europa.eu. They are entitled to submit a complaint at any time to the European Data Protection Supervisor: <http://www.edps.europa.eu>

The legal basis for ADol processing is provided for in Articles 22, 37 and 38 of Regulation (EC) No 178/2002.
