

## Building EU risk assessment community: PhD exchange & Fellowship programme

Stef Bronzwaer, AFSCO

56th Advisory Forum Meeting, Jurmala,  
Latvia, 11-12 June 2015

## PHD EXCHANGE – FELLOWSHIP PROGRAMME

# Scientific Cooperation Roadmap

- Scientific capacity building
- Building EU risk assessment community
- Sharing expertise
  - stimulate exchange of staff
  - host PhD students

## PHD EXCHANGE

# Objectives

- Attract young scientists to RA
- Contribute to harmonising RA practices
- Strengthen Europe's RA capacity
- Intensify exchange / cooperation also with academic institutions

## PHD EXCHANGE

### Target audience

- PhD students from universities on Article 36 list or other public European Academic Institutions with research interests in EFSA's remit
- Participants should be enrolled in PhD programme of a public recognised higher education establishment from MS / EEA country

## PHD EXCHANGE

### Governance 1/2

- EFSA can not offer grants, participants should have own funding (e.g. Marie-Curie)
- Stay (<6 Mths) in EFSA under **Short-term Study Visit** scheme
- Application form available  
(<http://www.efsa.europa.eu/en/jobs/traineeship.htm>)
- Applications open throughout year
- Agreement (e.g. confidentiality) will be signed
- EFSA will appoint 'research advisor'

## PHD EXCHANGE

### Governance 2/2

- Academic title sole responsibility of Academic institution (Certificate of stay by EFSA)
- Start Alumni network
- Topics to be proposed by applicants (possible topics based on EFSA's recommendations will follow)
- Start pilot year through AF / FP / Art 36 list
- Maximum length of stay currently 6 mths, need for extension?

## FELLOWSHIP PROGRAMME - DISCUSSION PAPER
