

EFSA, MTG SEAT 00/M08-09 Parma, 10-11 February 2016

EU Risk Assessment Agenda (EURAA)

- define common priorities
- clarify who is involved in which activities
- avoid duplication of efforts
- provide justification to obtain needed funds and resources

■ Delphi Study: 28 priorities identified

Implementation of activities & projects: 4 pillars

- Process: to agree on who takes the lead on which priority and with whom (which partners)
- Topics: to translate identified priority topics into concrete activities and/or joint projects
- Consultation: on identified priorities and possible actions with third parties (e.g. EU Agencies, International Organisations)
- Funding opportunities: to secure resources/funding at national and international level

Funding portfolio

- Explore funding opportunities on all levels: international, national, regional
- Portfolio of funding landscape of each country
- Summary: regional funding landscape across EU
- In Addition: European and international funding programmes

FP support to create funding portfolio

- Compile a list of **national** funding opportunities for RA activities in your country:
 - example *table A1*: Portugal
 - use template <u>table A2</u>
- Add to the list of international funding opportunities for RA activities – <u>table B</u>
