CHANGES TO EXISTING FINISH AND UK ORGANISATIONS ON THE ART. 36 LIST

The UK Permanent Representation has officially notified EFSA of changes regarding:

1. The Central Science Laboratory (CSL), an existing organisation on the Article 36 list, which has been merged with Defra's Plant Health Division and the Plant Variety Rights and Seed Office, and also the Government Decontamination Service. The name of the restructured organisation is the "Food and Environment Research Agency (FERA)".
2. The Pesticide Safety Directorate (PSD), an existing organisation on the Article 36 list, which has been merged with other sections of the UK's Health and Safety Executive. The name of the restructured organisation is the "Chemicals Regulation Directorate (CRD)".
3. The Lancashire School of Health and Postgraduate Medicine (LSHPM), an existing organisation on the Article 36 list, which has been merged with other university departments in process of restructuring of the University of Central Lancashire (UCLAN). The name of the restructured organisation is the "Food and Nutrition for Health Unit, University of Central Lancashire".

The Finish Permanent Representation has officially notified EFSA of a change regarding:

4. The National Public Health Institute (KTL), an existing organisation on the Article 36 list, which has been merged with the National Research and Development Centre for Welfare and Health (STAKES). The name of the restructured organisation is the "National Institute for Health and Welfare (THL)".

Following the assessment of the updated questionnaires, the FERA, the CRD, the UCLAN's Food and Nutrition for Health Unit, and the THL were found to meet the selection criteria for inclusion to the Article 36 list.

In addition and according to the Management Board decision of 2008, the Management Board must be informed of the technical changes at the next Management Board meeting. The recent Decision by the Executive Director on technical changes to the list is thus also presented for information in Annex II.

The Board is therefore requested to approve the updated list of organisations in Annex I after replacing CSL by FERA, PSD by the CRD, the LSHPM by UCLAN's Food and Nutrition for Health Unit, and the KTL by the THL in the Article 36 list, as requested by the UK and Finland.
