AMENDMENTS TO ART. 36 LIST OF ORGANISATIONS

EXECUTIVE SUMMARY

AMENDMENTS TO ART. 36 LIST OF ORGANISATIONS

EXECUTIVE SUMMARY

One new designation of organisation to be included into the Article 36 list of competent organisations, which may assist the Authority with its mission, requires the endorsement of the Management Board based on the proposal from the EFSA's Executive Director. The new designation is described in the document that follows.

The revised Article 36 list of organisations including all changes is presented for the adoption of the Management Board in Annex I.

In addition and in accordance with the Management Board decision of 18 December 2008, the Management Board must also be informed of technical changes adopted by the Executive Director in her recent Decisions of 22/07/2011 and 22/09/2011. Technical changes are summarised in Annex II and are already reflected in the revised list presented in Annex I.

SCIENCE STRATEGY AND COORDINATION

NEW ORGANISATION DESIGNATION FROM SPAIN FOR THE ART. 36 LIST

The Article 36 list was initially drawn up by the Decision of the Management Board of 19 December 2006 following the procedure set out in Commission Regulation (EC) 2230/2004; the list is regularly reviewed by the Member States, including for new designation proposals and changes to existing organisations.

I. New designations for the Article 36 list

The Spanish Permanent Representation has officially notified EFSA of a new designation proposal for the Article 36 list for the following competent organisation:

1. **University of Santiago de Compostela**, a Public University. The annual budget includes 19.00% from non governmental sources.

EFSA has screened the designation proposal in order to ensure that it complies with the criteria set out in Article 1(1) of Commission Regulation 2230/2004¹. Following this screening, the designated organisation was found to meet all the criteria and therefore considered to be eligible for inclusion in the Article 36 list.

II. Conclusion

The Board is therefore requested to approve the updated list of organisations (see Annex I) after:

- adding on the Article 36 list the designated organisation by Spain.

The Board is also informed of the technical changes adopted by the Executive Director in her recent Decisions of 22/07/2011 and 22/09/2011 (see Annex II).

¹ The criteria the designated organisations have to meet can be described as follows:

- A) They must “carry out scientific and technical support tasks in the fields within the mission of the European Food Safety Authority”;
- B) They must be “legal entities pursuing public interest objectives” and be able to ensure that the “tasks entrusted to them by the Authority will be performed with independence and integrity”;
- C) They must “possess a high level of scientific or technical expertise in one or several fields within the Authority’s mission”;
- D) They must “have the capacity to operate in a network on scientific actions”.

With regards to the criterion B, designations have been considered to be “legal entities pursuing public interest objectives” if the organisations fall into the following categories:

- Public/ Governmental organisations and Foundations;
- Universities (including Associated organisations);
- Certified public interest organisations (ex: charities, organisations empowered with statutory duties).

Art. 36 of Regulation EC 178/2002 and Art. 1 of Regulation EC 2230/2004

Chair of the Management Board

EXECUTIVE DIRECTOR

**Decision of the Executive Director on the policy of the European Food Safety Authority
on the technical changes to the list of organisations designated by the Members States
which may assist the Authority (Article 36 list)**

In view of the Decision of the Management Board of the 18 December 2008¹ concerning the delegation given by the Management Board to the EFSA's Executive Director to adapt the list of competent organisations designated by the Member States which may assist the Authority (Article 36 list) in case of technical changes submitted by a Member State on one of the existing entities on the list;

In view of the current Article 36 list;

In view of a request sent by an existing Article 36 organisation from Finland in which EFSA was informed of a technical update of the profile, with no change in the criteria for inclusion in the Article 36 list;
