

6 October 2020

## Upcoming event of the digital series

Goran Kumric (ENCO)

Trusted science for safe food

'Getting prepared  
for the future  
challenges'

- When: **January 2021**
- Engagement stream: **Preparedness**
- Objective: identify the right methods to ensure a timely involvement of stakeholders in forward-looking reflections

'Building our digital  
community,  
together'

- When: **April 2021**
- Engagement stream: **Stakeholder dialogue**
- Objective: collectively elaborate the features of a digital community aiming to ensure quick and direct exchange on matters of common interest to all stakeholders

'Towards a topic-  
based engagement  
approach'

- When: **June 2021**
- Engagement stream: **Quality of science**
- Objective: review and enhance the tools and processes in place to timely disseminate information on public engagement opportunities during the lifecycle of a generic mandate or an application.
