# EFSA GRANT TYPES

# INFOGRAPHIC

## Yes, we grant!

Are you working at one of the **Article 36 organisations**? EFSA awards grants to competent organisations designated by Member States. Check out the available grants listed below.

### EFSA's main grant types

Specific grants		Provide EFSA with access to specific expertise in competent Member States organisations. <b>Example</b>   <i>Genotoxicity studies to refine risk assessment.</i>	Funding deliverables
Tasking grants		Allow direct scientific and technical support from Member States organisations. <b>Example</b>   <i>Support in assessing large volumes of pesticide dossiers.</i>	Receiving direct support
Framework Partnership Agreements (FPA)		Establish long-term partnerships with organisations for recurring scientific and technical support or novel projects. <b>Example</b>   <i>Risk characterisation of ciguatoxin poisoning by 14 organisations from 6 Member States and EFSA</i>	Creating long-term partnerships
Thematic grants		Enable innovative scientific cooperation between Member States organisations by creating consortia. <b>Example</b>   <i>Develop new methodologies for the identification of emerging risks.</i>	Encouraging innovation
Fellowship grants		Allow future risk assessment experts to train at hosting sites in different Member States. <b>Example</b>   <i>Train a fellow in the risk assessment of mycotoxins at a Member State organisation.</i>	Building expertise
Partnering grants		Support capacity building of Member States organisations in certain risk assessment areas. <b>Example</b>   <i>A highly experienced organisation shares best practices in data collection.</i>	Exchanging knowledge

### Grant principles

			
co-financing	non-cumulative	non-profit	non-retroactive

**Information** Contact your national EFSA Focal Point to get more information  
Focal Points are the interfaces between EFSA and relevant national organisations

More information about competent organisations is available on EFSA's website, at <https://www.efsa.europa.eu/en/partner-networks.org>
