

39th Focal Point Meeting, EFSA,  
22-23 May 2019

## BTSF trainings

**Stylianos Koulouris**

Scientific Cooperation Officer

- New cycle of BTSF trainings on Risk Assessment expected to start late 2019/early 2020.
- It will last for one and a half year and will contain two sessions of each of the trainings bellow:
  1. Chemical risk assessment in food
  2. Microbiological risk assessment
  3. Pest and plant protection risk assessment
  4. Risk assessment in nutrition
  5. Risk assessment in biotechnology
  6. Risk assessment applied to animal health and welfare
  7. Environmental Risk Assessment
  8. **Evidence collection, management and integration**

- BTSF Academy through BTSF online offers 10 e-learning courses, in 5 languages that each need about 8 hours of average time investment to complete.
  - **Animal Welfare at slaughter and killing for disease control**
  - **Food Contact Materials regulation**
  - **Rapid Alert System for Food and Feed**
  - **Hazard Analysis and Critical Control Points**
  - **Prevention, Control and Eradication of Transmissible Spongiform Encephalopathies**
  - **Animal Health Prevention and Controls for Aquaculture Animals**
  - **Food Hygiene and Controls on Fishery products and Live Bivalve Molluscs (LBMs)**
  - **Animal Nutrition**
  - **EU Plant Quarantine Regime for Imports**
  - **Animal Welfare at slaughter and killing for disease control for Poultry**
