## EFSA Info Session on Food Enzymes

### What has EFSA done on food enzyme applications?

- 1<sup>st</sup> info session on applications - food enzymes was held on 17 January 2013;
- Questions raised during the 1<sup>st</sup> info session resulted in an update of EFSA's explanatory note for the guidance of the CEF Panel on the submission of a dossier on food enzymes;
- Revised EFSA explanatory note was published on 27 March 2014.

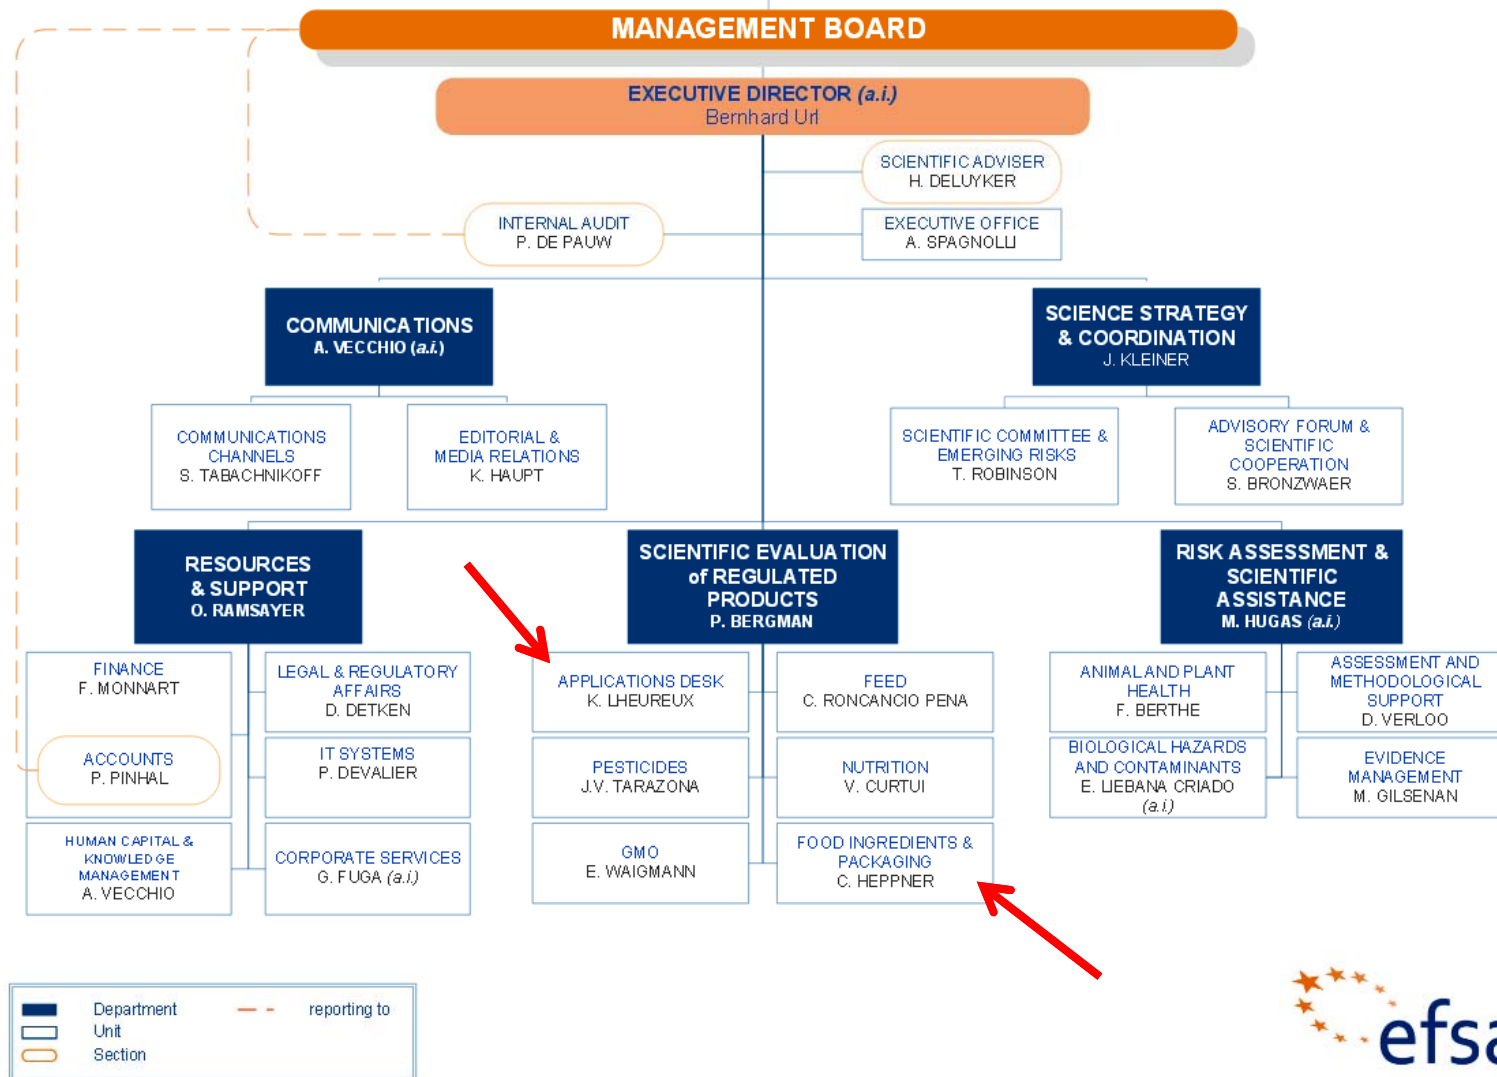

## Today's technical meeting – transparency and openness

### Objective:

To exchange views and to discuss the scientific, regulatory and procedural requirements related to food enzymes applications, in light of the experience that EFSA has gained in the risk assessment of food enzymes.
