

Management Board

24 June 2021

ONE Conference 2022 (21-24 June, Brussels & online)

Marta Hugas

The ONE Project Team in EFSA

Marta HUGAS (Project sponsor), Andras SZORADI (Project manager), Yann DEVOS (WP1 leader), Lucia Parrino (WP2 leader), Elisa CORSINI & Cinzia PERCIVALDI (WP3 leaders), Virginia SPURIO SALVI & Lorena PASQUALI (project support)

Organiser

Co-organisers

1| Rationale for having the Conference

2| Date, venue & expected format of the Conference

3| Draft scientific program outline
(incl. overarching goals of the Conference)

4| Scientific Program Committee & Advisory Boards

5| Communication activities

1| Our idea with the Conference is to ...

#OneEU2022

1

Take a **step towards** the gradual implementation of the '**One Health – One Environment**' approach

2

Co-shape the event with EFSA's Sister Agencies (ECDC, ECHA, EEA & EMA) and the JRC with contributions from EU Member States, international partners and scientists

3

Foster engagement & collaboration amongst experts of different sectors (public health, animal health, plant health, and the environment) & expertise (natural and social sciences)

4

Prepare for the future & identify forward-looking actions for risk assessors & risk managers (incl. MEPs) **within the framework of sustainability & EU's Green Deal (incl. the F2F Strategy)**

SQUARE
BRUSSELS CONVENTION CENTRE

BRUSSELS & online

www.square-brussels.com

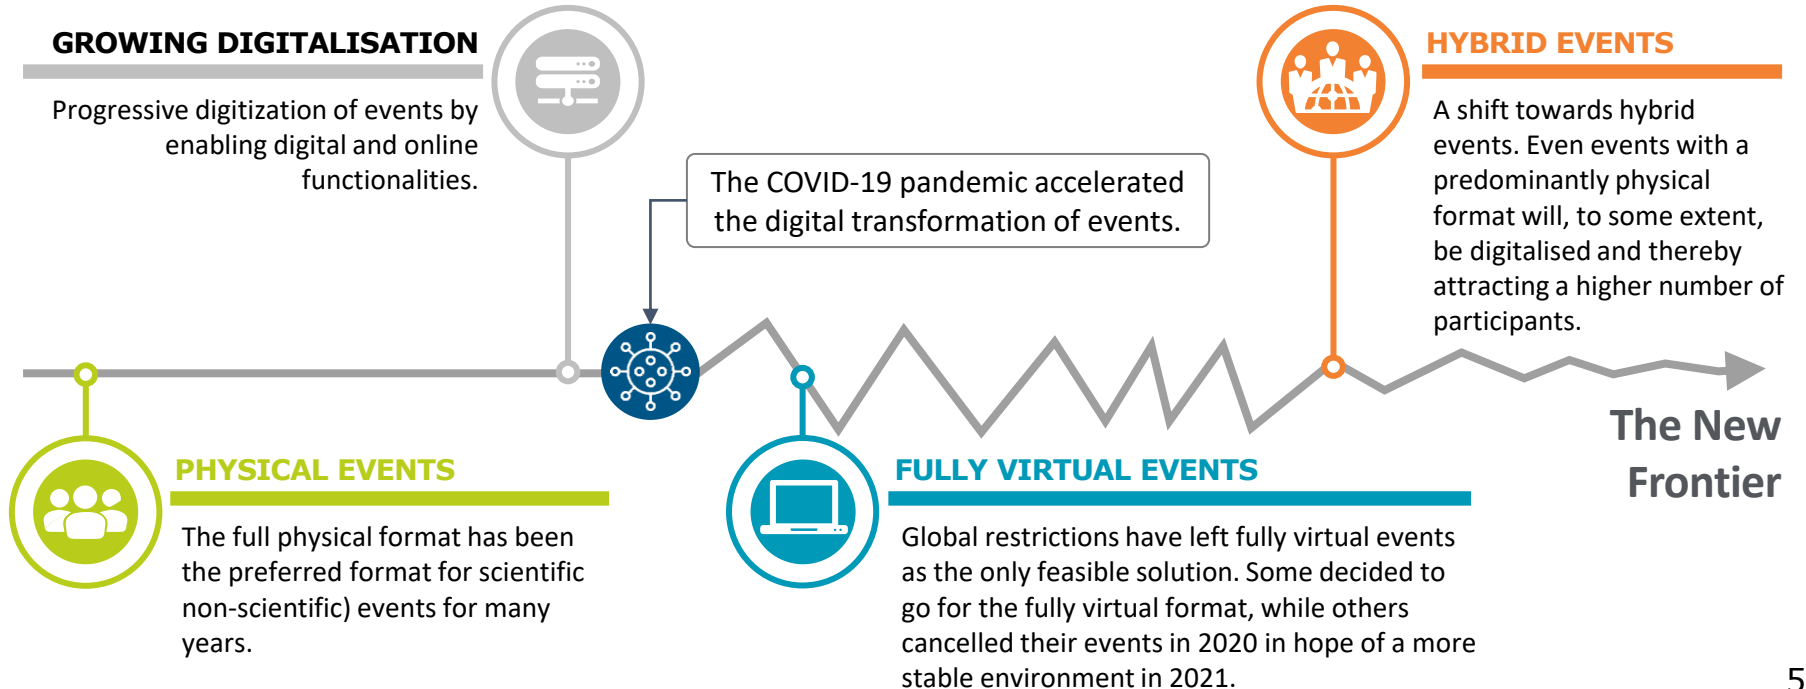

21-24 June 2022

The image is a promotional graphic for an event. It features a central photograph of the Brussels Convention Centre, a modern building with a glass facade. In the foreground, there is a bronze sculpture of three figures. The text 'SQUARE' is in the top left, with 'BRUSSELS CONVENTION CENTRE' below it. The text 'BRUSSELS & online' is on the left side, and 'www.square-brussels.com' is on the right side. The dates '21-24 June 2022' are at the bottom.

Until 2019

In 2020

2021 and beyond

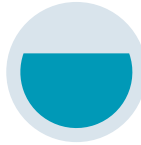

1| Assess impact of changing context on food safety

-Acknowledge **changing** science-policy **interface/context**

-Assess **implications** for food safety (incl. human, animal, plant health, the environment, nutrition & animal welfare)

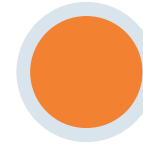

2| Advance food safety science (incl. engagement & communication)

-**Deepen & broaden** regulatory science to ensure fitness for purpose

-Following integrated **systems-based approach**

-Be forward-looking to ensure **preparedness**

-Establish **new ways of engagement & food system ecosystem**

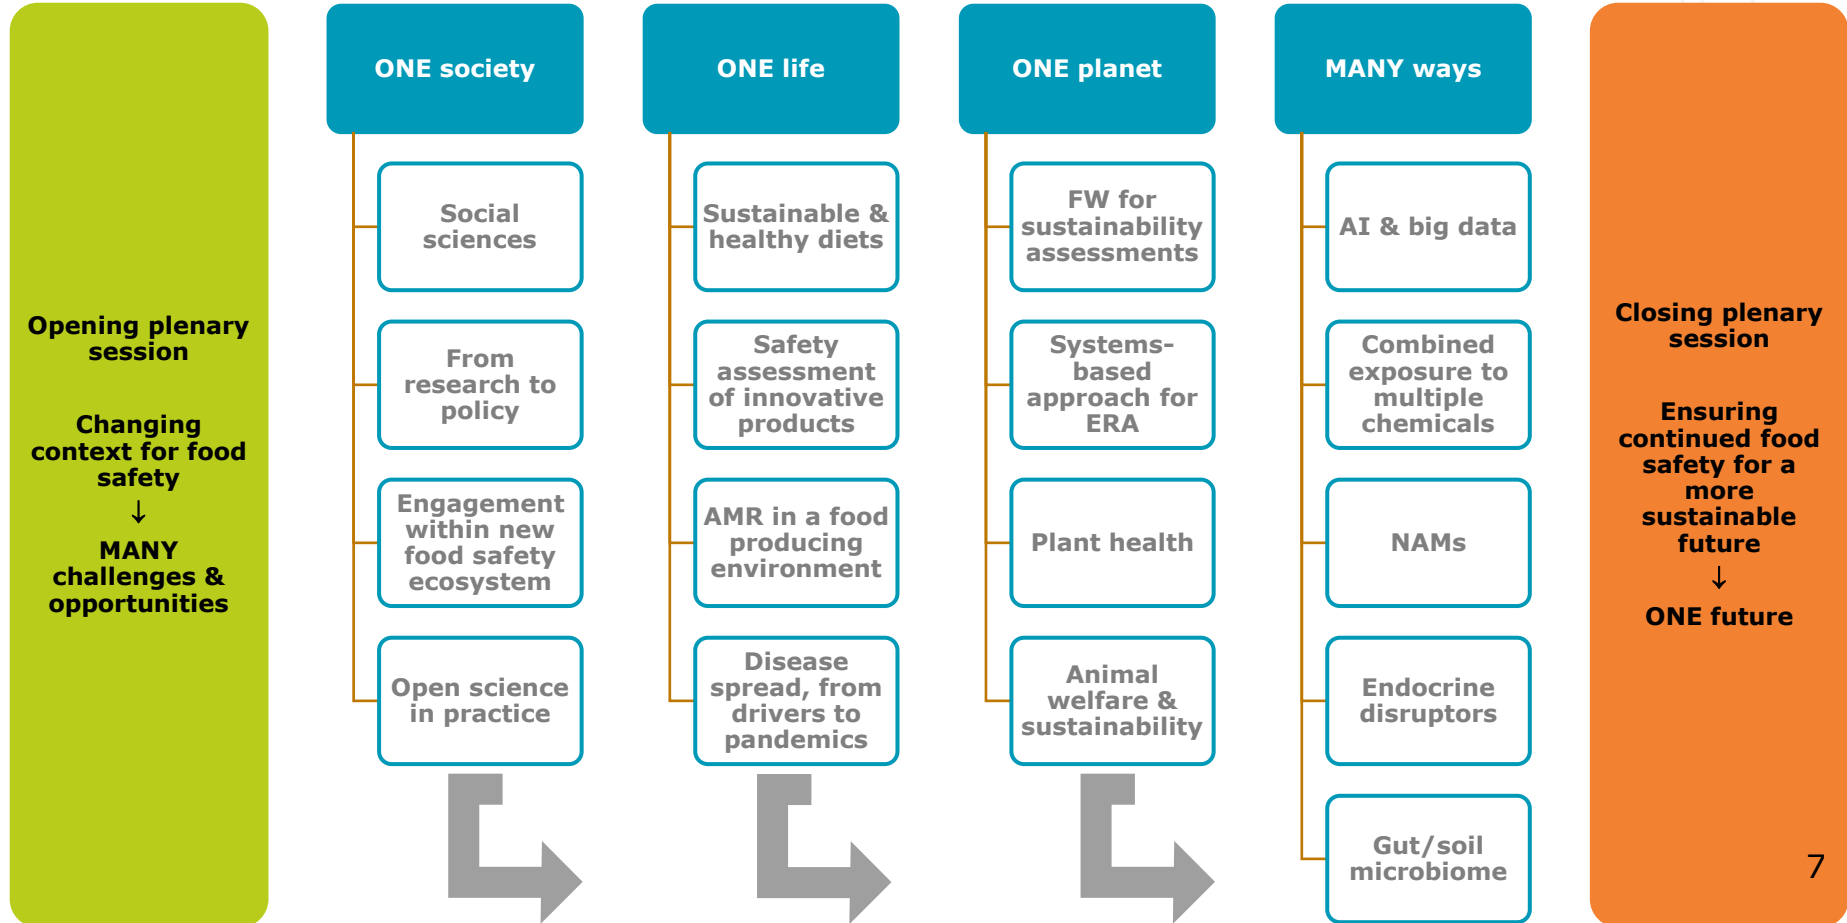

3| Give strategic direction for the next steps

-Be forward-looking to ensure **preparedness**

3| Draft scientific program outline

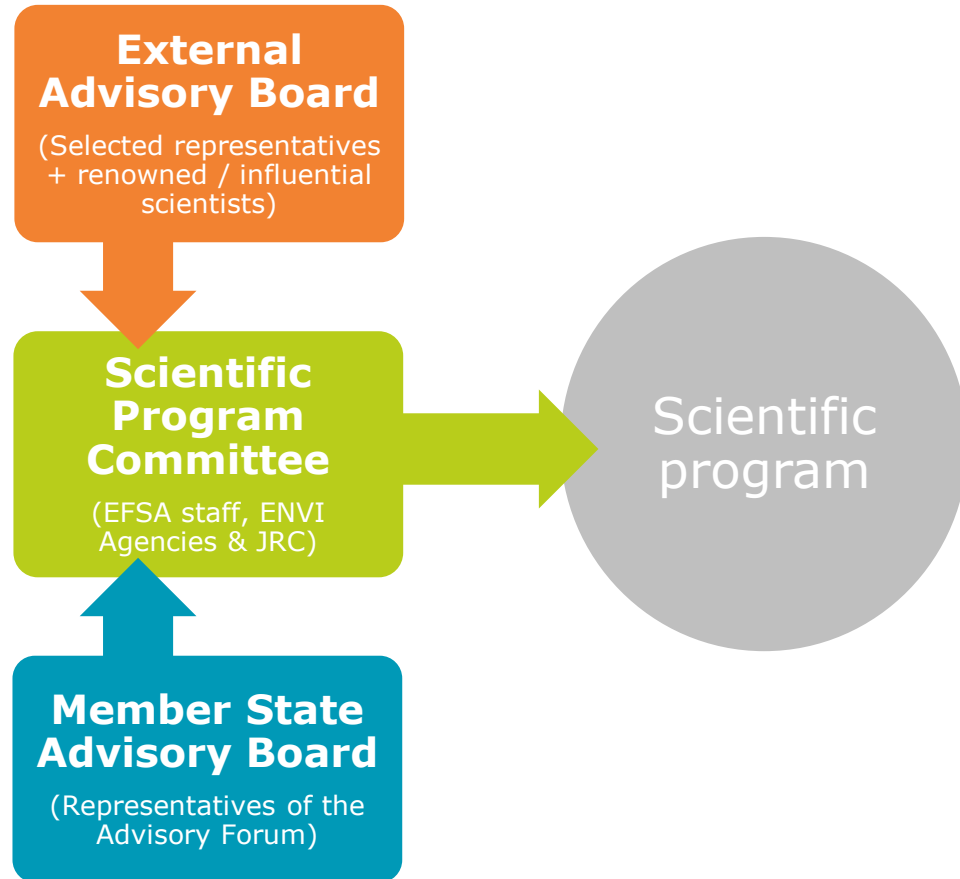

Overall structure and flow

#OneEU2022
