LINK

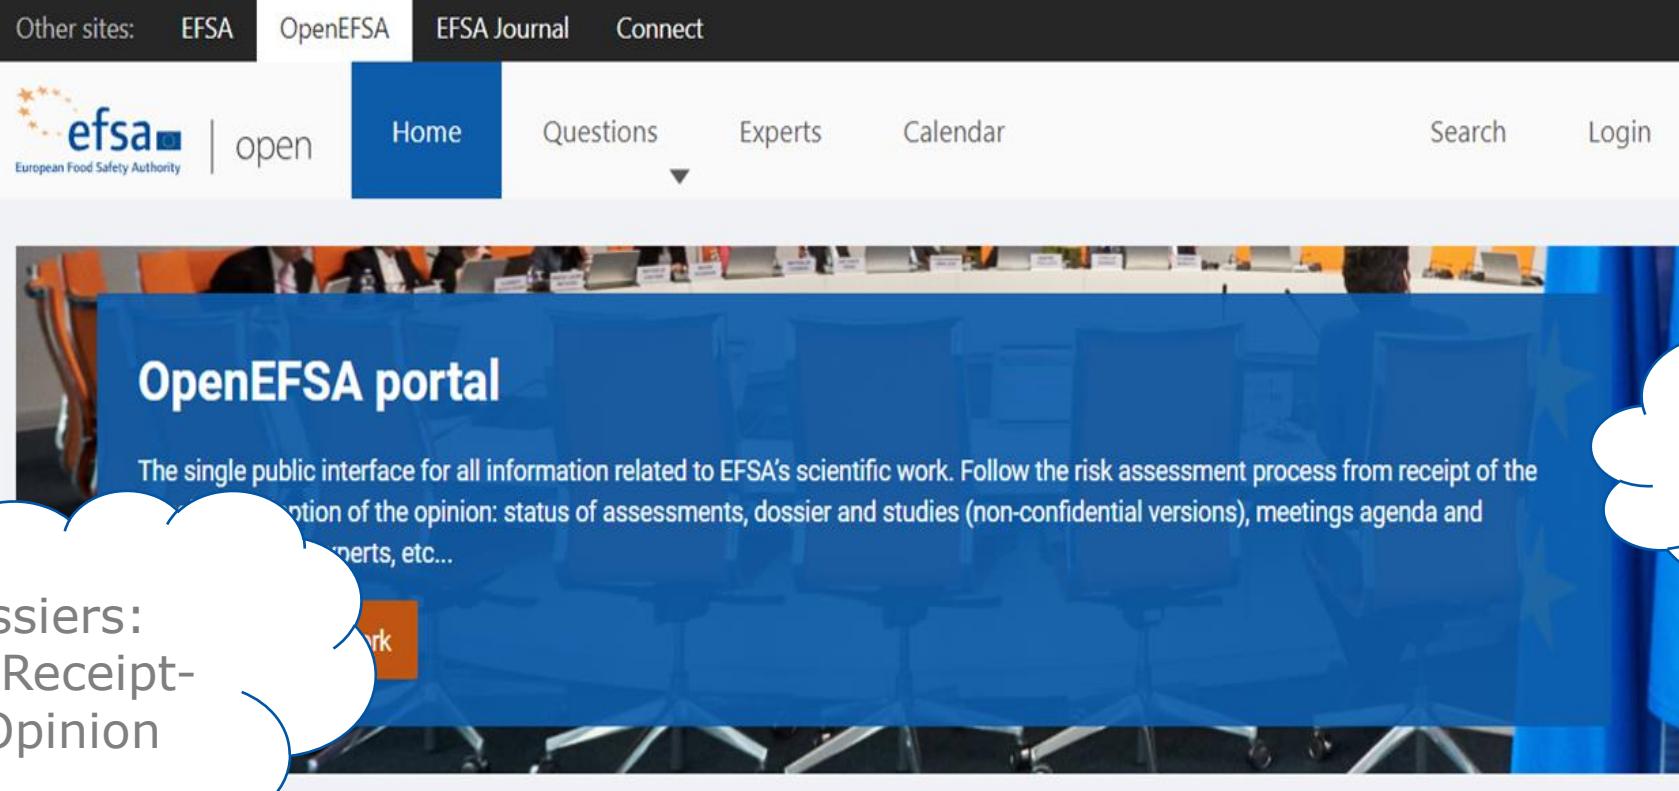

This portal gives you the possibility to engage with EFSA on a variety of topics. You will be able to check the Frequently Asked Questions, consult and submit comments to EFSA's public consultations, and send requests for access to documents. You can also register for the Portal. Before sending EFSA a question, please read the Frequently Asked Questions.

Participate to public consultation

OpenEFSA portal

The screenshot shows the OpenEFSA portal homepage. At the top, there is a navigation bar with links to 'Other sites: EFSA', 'OpenEFSA', 'EFSA Journal', and 'Connect'. Below the navigation bar is a header with the 'efsa' logo, a 'Home' button, and links for 'Questions', 'Experts', 'Calendar', 'Search', and 'Login'. The main content area features a large blue banner with the text 'OpenEFSA portal' and a subtext describing it as the single public interface for EFSA's scientific work, including dossiers from receipt to opinion, a calendar of public consultation and meetings, and meeting agenda and minutes. The banner also mentions 'Experts' and 'Meetings'.

Dossiers:
from Receipt-
to-Opinion

Calendar of:
Public Consultation;
Meetings

Sustainability and partnership

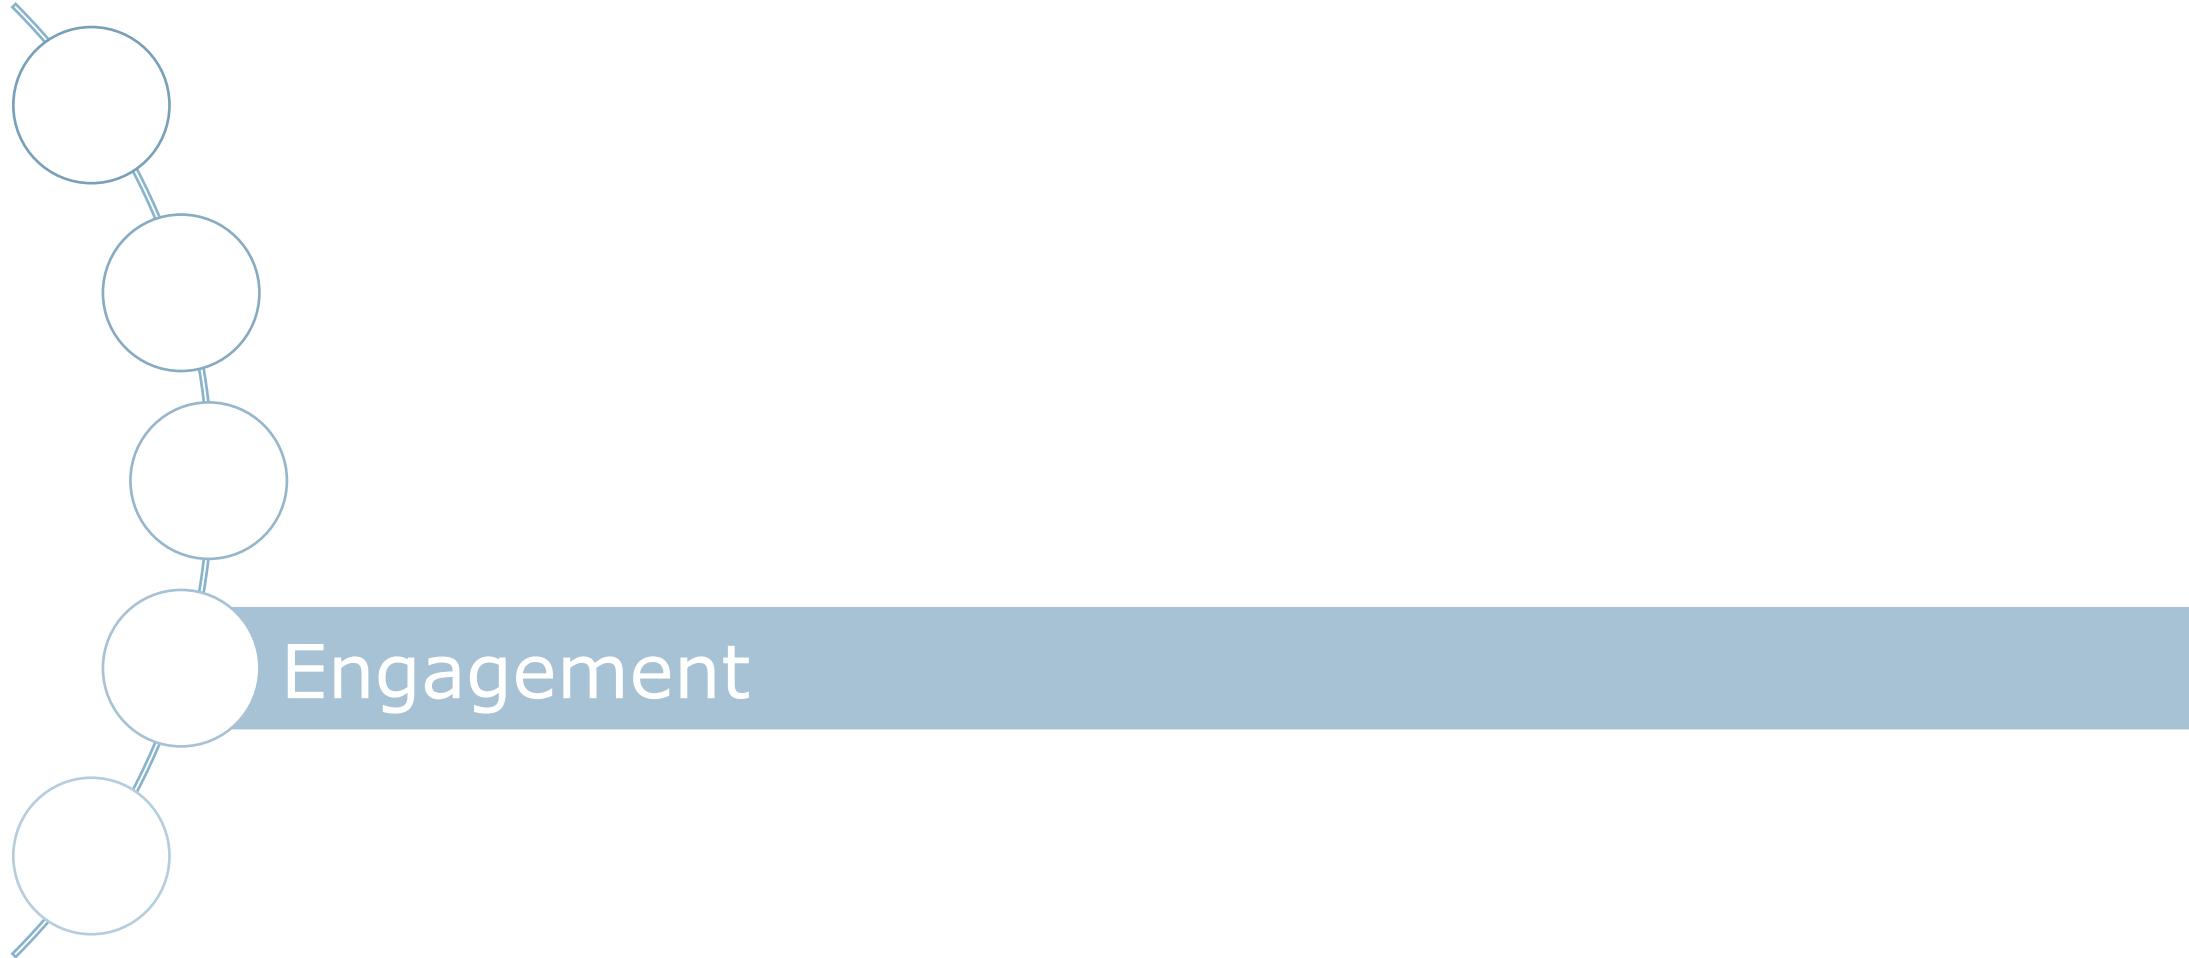

Deepening collaboration
with Member States

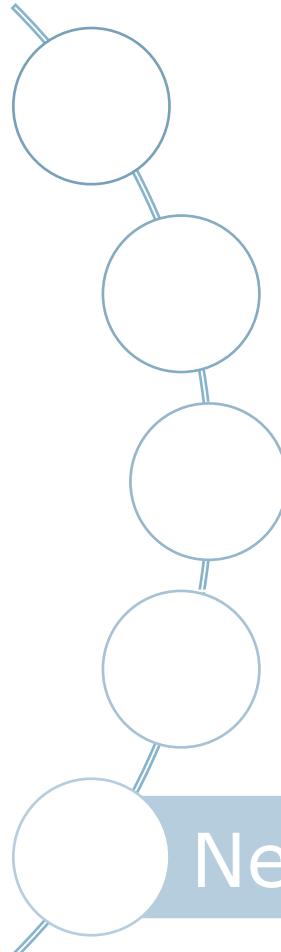

Return of investment for
Member States

Execution of verification
studies upon EC request

- Sounding Board has completed its mandate end of March
- Technical groups (IUCLID and NoS) continue to address applicants' needs for IT tools improvement
- Targeted initiatives:
 - Webinars for applicants per regulated product sector as of June 2021
 - SME event planned in Q3 (TBC)
- Regular engagement initiatives with stakeholders (e.g. Roundtables)
- Presentation of new processes/tools at stakeholder, MS and SANTE meetings upon request
- *Engagement with MSs:*
 - Regular updates at AF, Focal Point and CEN meetings

Focus on: completing what is needed and improvements

The next phase of ART program until end of June 2022:

- Enhancement of new processes and supporting IT tools
- Continuation of Customer Relationship Management processes and supporting tools
- Development of IUCLID 2
- Enhancement of confidentiality process and implementation of redaction software
- Finalise the implementation of enabling services
- Implementation the new processes and the new organigram
