## Appointment of three members of the Scientific Panel on Plant Health (PLH)

### Summary

- The current report reviews the composition of the Panel on Plant Health (PLH);
- The PLH Panel needs reinforcement following the resignation of [REDACTED] and [REDACTED] in June 2021 and in relation to new needs linked to sustainability in risk assessment;
- The single reserve list includes suitable candidates for all Scientific Panels and the Scientific Committee;

### Approach taken

The single reserve list that includes suitable candidates for all Scientific Panels and the Scientific Committee was screened with the aim to identify suitable candidates for possible appointment as member of the PLH Panel.

The following candidates are proposed as new members:

- [REDACTED]
- [REDACTED]
- [REDACTED]

The above-mentioned experts were asked to submit/update their Declaration of Interest (DoI). The DoIs were assessed and validated in accordance with EFSA's Independence Policy and the rules on Competing Interest Management.

### **Proposal to the Management Board**

EFSA submits to the Management Board the proposal to appoint [REDACTED]  
[REDACTED] as members of the PLH Panel.
