

Scientific Panel on Additives and Products or Substances Used in Animal Feed

Minutes of the 59th meeting of the Working Group on Coccidiostats and Histomonostats

Parma, 21-23 September 2015

(Agreed on 28 October 2015)

Participants

- **Working Group Members:**

Jürgen Gropp, Gabriele Aquilina,¹ Georges Bories,² Derek Renshaw, Pier Sandro Cocconcelli³ and Ingrid Halle⁴

- **Hearing Experts:**⁵

Not Applicable.

- **European Commission and/or Member States representatives:**

Not Applicable.

- **EFSA:**

FEED Unit: Maria Vittoria Vettori and Orsolya Holczknecht

- **Others:**

Not Applicable.

1. Welcome and apologies for absence

The Chair welcomed the participants.

Apologies were received from Paul Brantom and Patrick van Beelen.

2. Adoption of agenda

¹ First and third day.

² Second and third day.

³ First day.

⁴ Second day.

⁵ As defined in Article 17 of the Decision of the Executive Director on the selection of external experts: <http://www.efsa.europa.eu/en/keydocs/docs/expertselection.pdf>.

4. Agreement of the minutes of the 48th Working Group meetings held on 8-9 October 2014, Parma.

The minutes of the 48th Working Group meeting were reviewed and agreed.

5. Scientific topics for discussion

- 5.1 The Working Group continued the discussion on the application on Coxiril[®] (diclazuril) for rabbits for fattening ([EFSA-Q-2013-00815](#)) and decided to present it to the plenary meeting.
- 5.2 The following items were not discussed: Cygro[®] 10G (maduramicin ammonium) for turkeys ([EFSA-Q-2011-00059](#)), Monteban[®] G100 (narasin) for chickens for fattening ([EFSA-Q-2013-00767](#)), Elancoban[®] G200 (monensin sodium) for chickens for fattening, chickens reared for laying, turkeys ([EFSA-Q-2013-00752](#)).

6. Any Other Business

The objectives of the Standing Working Group on Coccidiostats and Histomonostats is to draft opinions on the safety for the target animals, consumers, users and the environment and the efficacy of additives from the category of 'coccidiostats and histomonostats'.

In order to fulfil its objectives, the Working Group should consist of members with expertise in the following scientific areas: animal nutrition/physiology/production, toxicology, pharmacokinetics/pharmacodynamics/metabolism studies, microbiology and ecotoxicology/environmental risk assessment.

The Working Group identified the need for additional expertise in microbiological safety for target animals. In order to address the specific scientific issues mentioned above, an external scientific expert will be selected following the Decision of the Executive Director concerning the selection of members of the Scientific Committee and the Scientific Panels, and the selection of external experts to assist EFSA with its scientific work.

6. Next meeting

6 December 2013

Annex

Interests and actions resulting from the screening of the Specific Declarations of Interests (SDoI)⁵

In the SDoI filled for the present meeting Dr Paul Brantom declared the following interest: past ad-hoc consultancy activity for the company Elanco (expert advice on safety aspects during the early stages of development of one product intended as a feed additive but which has not reached market). In accordance with EFSA's Policy on Independence and Scientific Decision-Making Processes and the Decision of the Executive Director implementing this Policy regarding Declarations of Interests, and taking into account the specific matters discussed at the meeting in question, the interest above was deemed to represent a conflict of Interest.

This results in the impossibility for the expert to be present when that item of the meeting (5.5) is discussed, voted on or in anyway processed by that concerned scientific group.

⁵ The Annual Declarations of Interests have been screened and approved before inviting the experts to the meeting, in accordance with the Decision of the Executive Director implementing the Policy on Independence regarding Declarations of Interests.
