Interests and actions resulting from the Oral Declaration of Interest done at the beginning of the meeting

With regard to this meeting, Prof. Jürgen Gropp declared the following interest: the dossiers in support of the application on Aviax[®] (semduramicin sodium) for chickens for fattening contain a published paper (2007) and a study report (2003) in which Prof. Gropp is co-author. In accordance with EFSA's Policy on Independence and Scientific Decision-Making Processes⁵ and the Decision of the Executive Director on Declarations of Interest,⁶ the experts 'are not allowed to assess, rate or review their own work.'

This results in the exclusion of the expert from the discussion and evaluation of the above-mentioned studies.
