⁵ http://www.efsa.europa.eu/sites/default/files/corporate_publications/files/competing_interest_management_17.pdf

⁶ This item is optional

- Compilation of a table to be added in section 3.1. *Possibility of entry from the surrounding environment* that will be used for all the pest Datasheets.
- Only the information useful for the EKE will be included in the datasheet of the pests while non-relevant information will be eventually deleted and not included in the final opinion.
- The table in paragraph 6 of the pest Datasheets relates to the *Distribution of the likelihood of pest freedom* has to be changed for the EKE: the elicitation will range between 1% and 99%. Agreed after the conversation with Olaf.

8 October 2019

- EKE on the actionable pests of *Albizia julibrissin*: *Fusarium euwallacea*, *Euwallacea fornicatus* and *Aonidiella orientalis*.
- The EKE on *Xylella fastidiosa* (both for *Albizia julibrissin* and *Robinia pseudoacacia*), that was previously selected as actionable pest, was not performed since the nurseries are located in a pest free area according to the declaration of the Israelian NPPO.
